IN giving a report for the year just closed, it is encouraging to note that the signs of growing interest shown last year have been fulfilled, and that we can now tell of a larger membership, a greater average attendance, and more money given than any year in the history of the Auxiliary. We have a membership of 45, with an average attendance of 23. At the November meeting a motion was made that thereafter the meetings of the Auxiliary be held in the class-room of the church, it being thought a more central place. Since that time the Auxiliary has met the second Thursday of each month in the church, with an improved attendance. However, in this way we have not yet reached perfection, and a more regular attendance on the part of the members is still a great need of the Auxiliary.

Two of the meetings were of especial interest - the Thank-offering in November, and the December one, when Mr. Cropper, of St. Lucia, told us such an interesting story of the progress of missions in that island. Several months were taken in studying South American missions.

Financially we have done very well; in addition to the regular fees and monthly collections, \$44 were given as a thank-offering, and \$50 to the "Jubilee Fund,"—in all \$175.

There has been but one blank made in our membership, while we can welcome five ladies to our number, one of them—Mrs. Johnstone, of Pine Ridge Agency, South Dakota—being a life member. And thus, with so much for which to thank God, we can confidently look forward to the coming year.
