DIRECT EVIDENCE OF RED CROSS WORK.

An Official Letter to a Carleton Place Citizen from the Information Bureau.

For some months THE HERALD has given article after article upon the great work of the Red Cross Society, which has many phases, and the following letter received yesterday by Mr. J. M. Brown is a direct proof of the efficiency of the Information Bureau of the Canadian Red Cross Society. It explains itself:

Can. Red Cross Society,
14-16 Cockspur Street,
London S.W.

Information Bureau,
June 20th, 1916.

Dear Sir,—I beg to inform you that Sergeant J. H. Brown, No. 8404, 2nd Canadian, who is now at No. 13 Stationary Hospital, Boulogne, France, British Expeditionary Force, has been seen by our authorized visitor, who reports that he was admitted to hospital on June 14th, suffering from severe bayonet wound in chest. We will continue to visit him while he remains in France, and should he desire any small comforts we will supply them. Directly he is transferred to hospital in England one of our visitors will go to see him and report on his condition. Any further news will be sent you as soon as possible. With sincere sympathy.

Yours truly,
BEATRICE CAVERHILL, G.W.

A letter from Horace, dated the 20th June, was received by his parents yesterday, in which he stated that he was able to move about, and that as his wounds were clean cut he thought that he should mend quickly, and they were not to worry over him.

Cattle Shipment

Mr. Chas. Hollinger shipped from here Saturday one car hog to Matthews Blackwell, Ottawa; also a car of cattle to Montreal. Mr. Hollinger will ship from here again on Saturday, July 14th. He pays the highest market prices for hogs, calves, and sheep.

Knox Church, Beckwith

On Sabbath morning next, the pastoral letter issued by the Rev. Prof. A. B. Baird, D. D., Moderator of Presbyterian General Assembly, on the subject of Church Union, will be presented to the congregation of Knox Church, at Black's Corners. It is earnestly requested that there be a full attendance of the people in order that all may have clear and official knowledge of the present position and future policy of the church with regard to organic union with the Methodist and Congregational Churches. At the vote on union taken last winter, this congregation was almost evenly divided on the question, and the ultimate outcome of the matter is anticipated with some degree of anxiety by both minister and people. All should be present on Sabbath day to hear the Moderator's message to the church.

Red Cross Donations

During the month of June the Carleton Place Branch of Red Cross Society shipped ten boxes, containing:—90 Night shirts, 56 suit pyjamas, 129 hospital pads, 151 surgical dressings, 464 triangular bandages, 19 convalescent robes, 9 pillows. Donations to the Carleton Place Branch for June were: Mrs. W. H. Leach, 3 pillows, Mrs. Henderson, Beckwith, 4 pillows, Mrs. Pattie, 2 pillows, Shakespeare Club, 151 surgical dressings.

They're Coming.

Seven fine young Canadians walked voluntarily into the Renfrew Armoury last Friday and donned the King's uniform thereby proclaiming that they will hereafter be known as loyal members of the 240 Overseas Battalion, C.E.F. The daily average number of recruits since Friday has been five, so that it is quite evident the address of the 240 is becoming well known throughout the counties of Renfrew and Lanark. But the rush of recruits to this new battalion, which promises to be most popular, is likely to begin in earnest when recruiting offices are opened in the various towns of the two counties, a work which will be finished during the present week. Complete equipment has arrived at Renfrew, the headquarters of the battalion, and the moment a man enlists he is outfitted from top to bottom without the slightest delay. From present indications it would appear that the new 240th will make rapid progress, as the systematic manner in which the organization work has been undertaken and completed is already known to the general public and speaks well for the executive ability of the commanding officer and his staff.

Berry Pickers Cause Fires.

Many causes are responsible for Canada's heavy forest fire losses. Some of the erstwhile greatest offenders have come to realize the destruction which their negligence was causing and have adopted systematic measures to overcome the loss. Several causes of forest fires have not, however, received sufficient attention. Dr. C. D. Howe, in Forest Protection in Canada, 1913-1914, states that in the settled areas, one of the chief classes of persons responsible for fires are berry-pickers. Smouldering camp fires, or sparks caused by smoking fall into dry grass or brush, starting small fires; fanned by a high wind the fires rapidly become uncontrollable, spreading from the berry patches to the larger timber. With the berry season at hand, it should surely be necessary only to draw the attention of berry-pickers to the destruction which their carelessness or indifference is causing to secure an immediate reduction in the number of forest fires for which they are directly or indirectly responsible.

A stalk of barley shown us this morning, picked from a field on the farm of Mr. A. L. Robertson, 11th Line Beckwith, measures exactly seven feet and the whole field appears to be of immense height a sample of the abnormal growth of this unusual season.

THE CARLETON PLACE HERALD.

JULY 4, 1916

LANARK.

From the Tra.

Mr. Lloyd Affleck, who came home from Victoria some time ago and tendered his service for overseas duty, received a message on Monday informing him that he had been granted a lieutenant's commission in the 239th, a railway construction battalion now being organized.

The death of Mr. Malcolm McNaughton, a well known resident of South Sherbrooke, occurred at his home there yesterday, after a short illness with heart trouble. Deceased was about 70 years of age. He is survived by his wife and nine children, all of whom are at home except one son who lives on an adjacent farm.

The Very Rev. Chas. Roper, D.D., Anglican Bishop of Ottawa, visited the mission of Lanark on Wednesday and Thursday of last week. On Thursday evening a Confirmation was held in St. Peter's Church, when the Bishop administered the apostolic rite of the laying-on-of-hands to six candidates.

Dr. Herbert James, youngest son of the late Benjamin James, who has for many years been practising in Bathgate, Dakota, arrived in Almonte on Wednesday, 21st. A few weeks ago the doctor was taken to Boston to undergo a serious operation. There his three brothers, Clayton, Messrs. John B. Thomas E. and Alfred H. went to see him and to bring him to his old home. But after a long, tiresome trip, Dr. James was taken to the hospital in Almonte, where he is at present. While his condition is considered critical, his many friends and relatives, who have not seen him for several years, are praying for a speedy recovery.

LONDON PAPERS WARY.

They Are Not Sure That Battle of Somme is the "Big Push."

LONDON, July 3.—The London papers in their editorials deal with the situation on the British front in somewhat reserved fashion, some of them pointing out that it is not yet known whether this is really the long-awaited "big push" or only another feint in greater force than any of the previous movements.

The Graphic remarks: "Our bombardment is still being maintained along the whole front, and the enemy does not know whether we may not at any moment rush another stretch of line. The necessity of sending adequate reinforcements to cope with the situation may necessitate the Germans abandoning the enterprise against Verdun."

The Express says: "The war has entered a fresh and probably the last phase. Our hopes may well be high, but our patience must continue."

The Daily News says: "The fact that Germany has lost the offensive does not mean that she is not still a formidable foe. We cannot tell what her temper may be under the shadow of defeat—whether she will fight to the last ditch, or seek to save the utmost from the wreckage."

The steamer Panther was sunk in collision with the James J. Hill off Parisian Island, Lake Superior. The crew was saved.

The town of Berlin, Ont., will soon be off the map of Canada, and the honored name of Kitchener will take its place, the citizens of that progressive town having so decided.

Catarhal Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.
