

A STRANGE VERDICT.

HAVE THE JURY ARRIVED AT AN CORRECT CONCLUSION ?

There can scarcely be any doubt that the investigation of Dr. Koch the German Specialist, will lead to radical changes in the treatment of tuberculous diseases. That the eminent physician has discovered a specific for certain forms of skin diseases, the Medical fraternity have already admitted, but that he has made any advance in the treatment of pulmonary affections, they are not prepared to certify to, nor are they willing to believe that disintegrated tissues can be restored by the mere process of subcutaneous injection. On the other hand, the people at large have rushed wildly to Berlin with the firm conviction that Koch's lymph will stay the progress of advanced consumption and lend them a new lease of life. Some have been benefitted--not cured for the very simple reason that the entire nervous system is overlooked in the treatment. No character of disease that assaults the vital organs can be successfully treated without reaching the nerve centres. In this very particular, the public appears to have rendered a strange verdict in favour of Dr. Koch, strange for this reason: for many years the remedies discovered by Dr. T. A. Slocum of New York, now manufactured at 186 Adelaide street West, Toronto, have been supplied to the afflicted and so far have proved unfailing as curative agents. They have been introduced into hundreds of thousands of households free of cost, have been given grateful testimonials from numberless thankful hearts, have been publicly endorsed by successful practitioners and are to-day the indispensable articles of the family medicine chest. With such a record the haphazard verdict of the people in favour of Dr. Koch does indeed seem strange. Dr. Slocum's treatment has been common property for years, has given incalculable relief, and is still administering its generous, life-giving nourishment to stricken humanity. Consumptives or those disposed to pulmonary complaints, should consult Dr. Slocum's pamphlet and make immediate and methodical use of his remedies. Address a letter to T. A. Slocum, M. C., 186 Adelaide st. West, Toronto, and you will receive by Express two free sample bottles with full information regarding lung troubles and their proper and successful treatment.

DONALD KENNEDY, ROXBURY, MASS.

When we saw this name in our advertising columns, we felt like taking off our hats. We were also reminded of a debt of gratitude of long standing. There has never been any personal intercourse between this editor and the above named gentleman, neither has he any knowledge of us far as we are advised.

Our acquaintance, if it can be called such, began in this wise. It was a generation ago. We stood behind the counter in a tea store. A row of bottles in red wrappers occupied a shelf, of which we knew nothing. The proprietor was equally ignorant, but moved by curiosity he had uncorked a bottle. We were courteously invited to partake: Before doing so we looked to see what the "discoverer" had to say for himself. We shall not repeat his story, though its main features are still fresh in mind. We were impressed by its spirit of candour. His remedy was not a cure all. He had heard that dyspeptics were benefitted by it, but he did not recommend it for such cases. It was just that little chance expression that fixed out attention. We had been struggling in the toils of the monster dyspepsia for years. Life was a burden. We had concluded our case was hopeless. But we seized upon this straw, as drowning men will. It was a lucky providence, or a fortunate accident, whichever you prefer. The first dose satisfied us that we had found a true remedy.

We had not expected to see the end of that year. We have seen the beginning and end of many since then. We never told this story to Mr. Kennedy, but we have told it to scores who have acted upon the information and were benefitted as we were. *The Prohibition Advocate, Nov. 15.*

Apply on the premises or to M^{me} P. Poste Restante, Ste. Anne de Beaupre.

**PISO'S CURE FOR
THE BEST COUGH MEDICINE.
SOLD BY DRUGGISTS EVERYWHERE.
CONSUMPTION**

**DONALD KENNEDY
Of Roxbury, Mass., says**

My Medical Discovery seldom takes hold of two people alike! Why? Because no two people have the same weak spot. Beginning at the stomach it goes searching through the body for any hidden humour. Nine times out of ten, inward humor makes the weak spot. Perhaps its only a little sediment left on a nerve or in a gland; the Medical Discovery slides it right along, and you find quick happiness from the first battle. Perhaps its a big sediment or an open sore, well settled somewhere, ready to fight. The Medical Discovery begins the fight, and you think it pretty hard, but soon you thank me for making something that has reached your weak spot. Write me if you want to know more about it.

NOTHING LIKE IT.

MR. JOAB SCALES, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, Sour Stomach and Lame Back; in fact, I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of **Northrop & Lyman's Vegetable Discovery**. I used one bottle, and the permanent manner in which it has cured and made a new man out of me is such that I cannot withhold from the proprietors this expression of my gratitude."

WONDERFUL CURES.

FOR THIRTY YEARS.—Mrs. L. Squire, Ontario Steam Dye Works, Toronto, says: "For about thirty years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried **Northrop & Lyman's Vegetable Discovery**, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately upon the Liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

**INDISPUTABLE
EVIDENCE.**

HARDENED AND ENLARGED LIVER.—Mrs. H. Hall, Navarino, N.Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, Pain in my Right Shoulder, Constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of **Northrop & Lyman's Vegetable Discovery**, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."
