

PETROLEUM.—Trade keeps good. The trade in lubricating oils is improving in extent. Illuminating oil is steady. Canadian refined unchanged at 17c for five barrel lots, and 17½c 26c smaller lots; American prime unchanged at for; Water White reduced, selling at 28c.

FUEL.—There is no change in trade. The severe weather has kept the market steady, and prices unchanged. Coal for domestic uses, all sorts, \$6.50 per ton, delivered; Steam coal \$4.5c to \$5.50; small Nut, domestic use, \$5.50. Hardwood \$5.50 to \$6 per cord. Receipts of coal by rail are pretty large.

WOOL.—Trade is exceedingly dull for domestic wool. Manufacture is thought to be falling off. There is no advantage expected from United States tariff. The prospect is not bright, as the new clip will only add to the large quantity of stocks on hand. Fleece is quoted nominal at 18c to 20c; Supers 26c to 28c; Extra Supers 31c to 34c.

HIDES AND SKINS.—Business is quiet, and prices are not changed. Sales have been made recently at 7½c for ear lots of cured; quotations are 7½c to 8c. Green hides are bought at 7c for cows, and 8c for steers. *Calfskins*, cured 13c to 15c. *Sheepskins* are bought at \$1.25 to \$1.30 for green, and 75c to \$1 for old lots.

LEATHER.—There is only a small trade doing with country buyers. Travellers report country dealers as buying generally with care not to get loaded with stocks. The city trade is not pressing either, as manufacturers are not pushing work beyond actual orders. Prices for country dealers are: for Sole, Spanish, all weights, 28c to 30c; for No. 2 23c to 24c; Slaughter 28c to 30c, and light 27c to 29c; Kip Skins, French 75c to 95c; English 70c to 75c; Chicago 65c to 75c; Native 50c to 65c; Splits 28c to 33c; Buff 16c to 18c; Pebble 14c to 18c. Cod Oil 65c to 70c; Gambier 7c; Sumach 4c to 5c.

DRUGS AND CHEMICALS.—Business continues very fair, and the market is steady, and in good condition for trade. Quotations of leading articles are: Glycerine 38c to 40c; hops \$1 per lb; Cream Tartar 38c to 40c; turpentine 92c per gal.; linseed oil, raw, 68c, boiled 72c; madder 13c to 14c; tartaric acid firm, at 65c per lb; morphia steady at \$2.90 to \$3 an oz.; borax, 8c; fresh ergot, 55c to 60c; alcohol, \$2.75 per barrel. Quinine, Howard's, \$2.25 per oz.; German, \$1.90. Sumac, \$95 per ton.

GROCERIES.—Trade is very quiet. Sugars have been selling freely. *Teas* are steady. *Tobaccos* are quiet. Other lines steady. *Fruits* are steady: Muscatel, loose, \$2.65 to \$2.80; Layer \$2.90 to \$3. Valencia 7½c to 8c; Prunes, 7½c to 8c; Currants 7c to 7½c; *Sugars* firm, Porto Rico, common, 7½c to 7½c. Canadian refined 7½c to 8½c; Scotch refined 7½c to 7½c. Syrups common 55c to 57c; Amber, 63c to 66c; Molasses, 40c to 43c.

HARDWARE.—There is nothing new to report. Trade is said to be satisfactory. Prices are unchanged. The following list is chiefly in demand: Nails, 10d to 60d \$3.05 to \$3.10; 8d and 9d \$3.35 to \$3.40; 6d and 7d \$3.65 to \$3.75; 4d and 5d \$3.75 to \$3.85; 2d \$4.10 to \$4.20. Glass, 25 and under, \$2.10; 26 x 40 \$2.25; 41 x 50 \$2.55. Tin, Bar, 26c to 28c; Ingot, 25c to 27c. *White Lead*, per keg, \$1.50 to \$2. *Manilla Rope*, 12½c to 13c per lb. *Glue*, 8c to 20c per lb. Barbed fencing wire 8½c for galvanized, and 7c for painted. Borax 15c to 17c per lb; brass kettles 35c to 36c.

OUR NEW MALLEABLE WORKS

Every one interested in the progress and prosperity of Oshawa as a manufacturing centre will be pleased to learn that the malleable iron castings turned out of the new works erected by the Joseph Hall Manufacturing Co. prove to be of a very high order. They fulfil every requisite of first-class malleables: First, they are soft and tough. Secondly, they are stiff, and will not bend without extraordinary strain. Thirdly, they turn, bore, and drill readily. Fourthly, there is no shrinkage, so that where holes are cast in the parts they will fit exactly the wood or other parts to which they are to be attached. Fifthly, the castings are strong and smooth. Sixthly, they are very straight and not warped. The Company has expended a large amount of money in getting the works in first class condition. Mr Bailey has done his part to the satisfaction of all parties. His selection of the various brands of iron has been good, and in every respect he has shown his thorough knowledge of the business.

The Company will not only make agricultural machinery castings, but will give special attention to saddlery and carriage hardware, builder's hardware, and castings of all kinds for various branches of manufacture in Canada. We are informed that the works will be enlarged as soon as the weather will permit, by the erection of additional moulding shops and annealing ovens so as to meet the demand for high grade goods. It is not the intention of the Company to make the lowest priced castings, but the best which have ever been made in Canada, and everything that labor, skill, money and care can do, will be done to maintain the quality of the goods turned out. It is a most important industry to Oshawa, as it will employ a large number of skilled workmen who are able to earn high wages, and must attract other business to the town. The high quality of the goods will be sure to create such a demand as will tax the capacity of the Works to supply.—*Ontario Reformer*, March 9th, 1883.
