REMODELLED BEAUTY

This fine old home of solid brick has been beautifully remodelled. The four master size bedrooms have huge walk-in closets rarely found in today's average homes. On the main floor you will find a 29 ft. living room separated from the spacious hall. The extra large kitchen with its lovely antique elm cupboards and matching panelling would be a delight to any woman. You can be real cosy by the lovely fireplace watching T.V. in the very large family room. Here the owner has panelled the walls with antique elm and hewn beam ceiling. The huge modernized bay window gives a nice view of the many mature maple trees on the 1 acre lot. More surprising still is the large music studio built of treated barn planks. Inside you will find a valuable pipe organ which the owner re-erectfully has to leave behind. There is lots more, but see it for yourself. Situated within 5 miles of Brampton. Asking \$65,000.00. Contact Mrs. McLaughlin, 451-1510.
