Indian Office
Sarnia 13. Nov. 1882.

Sir,

I have the honor to report that there are over 80- of the lots comprised in Francis' Survey (now Town of Sarnia) still unsold.

I have had applications for about 20 lots, but not being authorized to sell I have not entertained any of them. One party wishes to establish a shop for building Steam Boilers, - and would take up a lot at once, and commence building immediately. He is very anxious to know whether he can obtain Lot 7 or Lot 8 on the 6. Range.

I have the honor to be

Sir,

The Right Honorable
The Supt. Genl. of Indian Affairs

Your Obedt. Servant
E. Watson
Ind. Supt.

Mr Watson to recommend a date
on which it would be well to
