Ottawa, Aug. 30, 1913.

Sir,

I beg to enclose for your information a blue Ontario print showing a lot which the Canadian Northern Railway Company is applying for for railway purposes. Judging from the irregular shape it is presumed this is for ballast purposes although not so stated by the railway company. You will note that this is in the surrendered portion of the Nipissing Indian Reserve being parts of Lots 11 and 12, Concession 2, of the Township of Beaucauge. Please be good enough to place a valuation on the land applied for, viz: 22.90 acres and .86 acres, a total of 23.76 acres. In this valuation please take into account the damage to the lots affected by the irregular shape and by severance.

Correct

Encl.

Your obedient servant,

Sydney Buchanan
Assistant Deputy and Secretary.

Geo. P. Cockburn, Esq.,

Indian Agent,

Sturgeon Falls, Ont.
