Hon. Arthur Meighen  
Ottawa

Dear Sir,

It has dawned on me several times recently since this session met of the past Government. That Mr Knowles was about ready to break with Mr Blinning. They have not been running at all smooth & no doubt you are aware that Knowles is a much better man as regards character than he used to be. I believe a little work with him from the right source would change his politics. It would have to be done through Mr Davidson.
