

compared only with the returns  
sent to, and the books kept in  
the Regina Office; they should  
be compared also with the preced-  
ing inspection reports; and the  
differences between the two  
should either be corrected or  
satisfactorily explained to the  
Department which has no  
immediate access to the books  
and returns at Regina.

Following is a list of dis-  
crepancies which have been  
noticed in addition to those  
in the statements of omission.
