A 4511

Controller of Civil Aviation,
Department of Transport,
OTTAWA, Ontario.

1. The application for Registration of Piper Cub CF-DCY attached your memo of May 2nd, 1946 is returned you herewith as both owners Messrs Wilson and Bowlby are in Nova Scotia.

2. There have been several cases of two persons applying jointly for ownership of an aircraft in this District, in most of these cases only one of the owners comes to Toronto to accept control of the aircraft and therefore only one signature is obtainable.

3. It is suggested that in this case and any other similar case, that the District concerned or your Headquarters forward a copy of the application to the owners with the request for the two signatures.

DP

D.G. Joy,
District Inspector, Air Regulations,
Toronto.
