## WELL EARNED POPULARITY

J. J. Burns says Dodd's Kidney Pills Saved His Life

Could Scarcely Sit, Sleep or Walk When He Started to Use Them—His Trouble Gone for Good.

Darnley, P. E. I., June 1.—(Special).

The popularity of Dodd's Kidney Pills in Prince Edward Island has been earned by cures complete and permanent. John J. Burns, Lot 18, Darnley, is one of the cured, and his story is a splendid example of the work Dodd's Kidney Pills are doing.

"For over eight years," says Mr. Burns, "I suffered from what the doctors pronounced Chronic Inflammation of the Loins and Kidneys. In the year 1896 it got so bad that I could scarcely walk, sit or sleep. I was about to give up when an advertisement led me to try Dodd's Kidney Pills and they did a wonderful work for me."

"Dodd's Kidney Pills saved my life and though years have elapsed since my cure I have had no trouble since I used them."

"I belong to the I. O. F. and any member can vouch for my condition and that Dodd's Kidney Pills cured me."

Dodd's Kidney Pills never fail to cure any form of Kidney Disease once and for all.

### DEATH IN THE CYCLONE.

#### TWO HUNDRED REPORTED KILLED AT GAINESVILLE, GA.

Cotton Mills Blown Down and Eighty People Buried Under the Ruins—Stores Wrecked.

Atlanta, Ga., June 2.—Governor Ferrell has issued a proclamation saying about 200 were dead at Gainesville and 1,000 in need of aid. He calls on Georgians to send relief.

Gainesville, Ga., June 2.—A cyclone of terrific force struck this city shortly before noon yesterday. Probably 200 persons were killed, and the circling wind tore the roofs from the hotels and other large buildings and destroyed the Gainesville Cotton Mills. The greatest loss of life is reported in the destruction of five cotton mills, where about eighty persons are thought to have lost their lives, while scores of others are injured. Eighteen persons were killed between the centre of the town and the railroad station, where four large stores were blown down. The storm driven many persons into these stores for refuge.

There were 500 persons at work in the cotton mill when the cyclone struck. It was a three-story building. The first story was left standing, but badly wrecked. The second and third floors were completely demolished, and the employees were caught under the wreckage and mangled. It is estimated that there are at least 75 bodies under the wreckage of the third floor, and it is not known how many persons on the second floor of the building were killed. The roof of the electric car barn was lifted and the building badly damaged. The railroad depot suffered also.

The Southern Depot was blown down.

The Gainesville Iron Works were demolished and several people perished in the wreck.

The Gainesville Cotton Oil Mills were blown down.

The old Piedmont Hotel, now used as a school and apartment house, was razed, and half a dozen or more people were killed in it.

The Richmond Hotel was wrecked and several perished along with it.

One hundred and twenty-five cottages, a school house, and a church were blown away in the negro section of the town.

Five brick stores on the main street were swept away.

In all, two hundred buildings were demolished.

The cyclone went from Gainesville to New Holland, and it is believed many people were killed there.

Neither the Arlington nor the Bretna College was in the track of the tornado, and they are therefore safe with their occupants.

### SMALL-POX OUTBREAK

Four cases of small-pox have been discovered in the Township of Oxford, five miles beyond Thamesville, towards Bothwell. Dr. Hall visited the place on Saturday and pronounced the disease small-pox in a well marked stage. There are three cases, two in one family and one in another, and it seems very likely at present that the disease will spread.

The infection was started by a farm laborer who caught the disease in or near Ridgeway. He was taken ill with fever and a physician pronounced it influenza. Three days afterwards a rash broke out over the man's body, yet nothing was done. Ten days afterward the school teacher was taken ill and a scholar in the school was also soon after taken ill. All of these cases were pronounced influenza by the physician. Dr. Fraser, of Thamesville, first pronounced the disease small-pox and his statements were corroborated by Dr. Hall. Dr. Graham, the M. H. O., is at present on his way to England, but Dr. McKerrick, of Bothwell, is acting in his place. The disease has been exposed for two weeks. The school has been closed.

### TWO BOXES OF MILBURN'S HEART and NERVE PILLS

Cured Mrs. Edmond Brown, Inwood, Ont., when she had almost given up hope of ever getting well again.

She writes: "I was so run down that I was not able to do my work, was short of breath, had a sour stomach every night and could scarcely eat. My heart palpitated, I had faint and dizzy spells and felt weak and nervous all the time. My husband got me a box of Milburn's Heart and Nerve Pills but I told him it was no use, that I had given up hope of ever being cured. He however persuaded me to take them and before I had used half the box I began to feel better. Two boxes made a new woman of me and I have been well and have been able to do my work ever since."

Milburn's Heart and Nerve Pills are 50 cts. box, or 3 for \$1.25, all dealers or THE T. MILBURN CO., Ltd, Toronto, Ont.
