A LEADING MEDICAL AUTHORITY SAYS:—"Consumption is essentially a disease of degeneration and decay. So it may be inferred that the treatment for the most part should be of a sustaining and invigorating character-nutritious food, pure, dry air, with such varied and moderate exercise in it as the strength will bear, the enlivening influence of bright sunshine and agreeable scenery, and cheerful society and occupation, aided by a judicious use of medicinal tonics and stimulants, are among the means best suited to restore the defective functions and structures of frames prone to decay."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime by its gently stimulating and nutritive tonic properties is adapted in an eminent degree to this office of restoring the "defective functions and structures," as the numbers of cases in which it has been so successfully used, together with its short record of a few months that has placed it in the foremost ranks of proprietary remedies will fully testify.

Prepared only by J. H. Robinson, St. John, N. B., and for sale by druggists and general dealers. Price \$1 per bottle; six bottles for \$5.
