In writing to advertisers please mention the Farmer's Advocate.

Messrs. J. D. McGregor & Co. write the **ADVOCATE** that they will leave for England early in June for the purpose of making a selection of Shires, Suffolk Punch, Cleveland Bay, and Thoroughbreds of both sexes. They add: "The stallions we sold last year have done exceptionally well, and their colts appear a most promising lot. We are also glad to report that there is lots of them."

A cablegram from London says:—Alberta ranch cattle are much in favor amongst English agriculturists just now. A Leicestershire feeder bought two carloads last November paying twelve pounds each for the cattle. Recently, at Manchester, they were sold for twenty-five pounds each. Experts pronounce them models of butchers' beasts. This sale will likely give a renewed impetus to the purchase of Alberta ranch cattle here as stockers.

TESTIMONIAL.

Ingersoll, Mar. 19, 1891.

John S. Pearce & Co.

Dear Sir,—I received the Baby No. 2 Separator Wednesday evening. Mr. Drummond set it up the next morning, and separated about 100 pounds of milk, and he thinks the machine an extra good one, even better than the one he used in the Scottish Dairy School. He thinks it turns easier. I have tried it twice myself since, and find no trouble in working it, and think it just about perfection. I would not think of running my little creamery now without it, as I am fully satisfied we will save enough this summer in time and extra cream to pay for it. I will test it for another week, and then call and pay for it, probably next Saturday.

Yours truly, GEO. GRAVES.
