Messrs. Barnett & McQueen have received a contract from the Grand Trunk Pacific Co. for what will be the largest grain elevator in the world. It will have a capacity of ten million bushels, and will be built so that four trains can discharge their grain into the house at the same time. It will be erected at the mouth of the Mission River.

The Canadian Nut and Bolt Co. will build a factory at Niagara Falls, Ont., and a factory for the manufacture of automatic fire shutters will also be opened shortly. Several other industries are likely to be established in the town in the near future.
