Vote "YES"

1. Are you in favor of the repeal of The Ontario Temperance Act?

The repeal of The Ontario Temperance Act does not mean a return to the general sale of spirituous liquors, as the Premier, in his speech of April 7th, said: "Now, practically no one suggests a return to old conditions. The distillers in a recent manifesto say that they themselves are opposed to it. Many hotelkeepers say they are opposed to it. The brewers say they are opposed to it. Honourable gentlemen in the House and people out of the House, who are opposed to the present Act, say they are equally opposed to the old order. The labor men who ask for stronger beer, say they don't want the sale of hard liquor.

The Premier and the Government, realizing this, would not be parties to a continuance of the general sale of spirits as under the old license system, but would amend the License Act in accord with public sentiment. This would be in keeping with the policy of the Provincial Governments of the past fourteen years, which have from time to time amended the License Act to conform to the wishes of the people. To vote "Yes" to question number one would enable the Government to provide for the sale of beer and light wine in the hotels, and beer and spirits in Government stores for home consumption.

The Citizens' Liberty League does not want a return to the conditions under the old License Act and the sale of liquor over the bar. It does ask, however, for the general sale of beer 2.51% alcohol by weight (nonintoxicating) and light wines, and that the Government should only

on the Referendum Ballot.

HON. PRESIDENT: SIR EDMUND B. OSLER

VICE-PRESIDENT: I. F. HELLMUTH, K.C.

Study the Referendum Ballot; if there is any peint

not clear, call or write the Secretary of the League

at Committee Headquarters. It is to your in-

terest that you vote wisely and intelligently. And

if you are a lover of liberty and an advocate of true

temperance, you will vote "YES" on all questions

allow the sale of heavier beers and liquors through agencies established and maintained under Government supervision and control. It is therefore necessary that question one should be answered "Yes," repealing The Ontario Temperance Act and making it possible for the Government to enact a new temperance measure in accord with the expressed will of the people.

By voting "Yes" on question number one you will be in agreement with Premier Hearst when he said: "Many good and conscientious citizens, as good and conscientious as there are in the Province, do not approve of the Act as it stands to-Vote "Yes" on question number one and repeal the unsatisfactory Ontario Temperance Act.

Vote "YES"

2. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure through Government agencies, and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number two. This provides for the sale of light beer in Government stores for home consumption and removes the necessity of procuring a doctor's certificate.

Remember — Every voter must vote on every question, or his ballot will be spoiled.

Vote "YES"

3. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure in standard hotels in local municipalities that by majority vote favor such sale, and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number three. There can be little doubt that the majority of people will vote "Yes" on this question. There is a demand for a beer of good flavor and body that is non-intoxicating, and the public want to obtain it by the glass as well as by the bottle.

A beer of 2.51% alcohol by weight, no matter in what quantities consumed, is absolutely non-intoxicating. In European countries beer of this strength is sold generally without license and without excise duty. In voting "Yes" on questions two and three you can be assured that no one can become intoxicated by beer of this strength.

Vote "YES"

4. Are you in favor of the sale of spirituous and malt liquors through Government agencies and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number four, which provides for the sale of all liquors for home consumption from Government stores under such regulations as the Government may deem it wise to adopt. The public will be able to purchase from these stores without procuring a doctor's certificate.

The Citizens' Liberty League is not in favor of the sale of spirits over the bar as under the old License Law. It is, however, in favor of the general sale of non-intoxicating beer of 2.51% alcohol by weight and light wines, and the sale of liquor for home consumption through Government stores under such restrictions as the Government may deem wise to
