UNITED STATES.

Buffalo, N. Y., October 25.—Charles E. Schuyler, who a short time since became notorious by the abduction of the daughter of Townsend Davis, pleaded guilty to the charge to-day and was sentenced to Auburn for seven years.

Memphis, Oct. 25.—There is great rejoicing over the end of the fever quarantine. There has been 1,501 cases of fever and 496 deaths in Memphis. It is remarkable that no cases have occurred among the one hundred and twenty prisoners in jail, and there was another heavy frost last night, and there was a coating of ice on the water in the suburbs. A steamer from St. Louis has arrived here, the first boat at the wharf since July 24.

Memphis, Oct. 25.—A case and two deaths. The Board of Health declared the epidemic ended, and announces little danger to be apprehended from the fever by persons coming into the city, provided instructions are complied with in regard to ventilation of houses, bedding, clothing, etc. It advises people on return to avoid infected places. There are a few cases, and a few cases may be developed, but by ordinary prudence there is no danger of its spreading.

Memphis, October 24.—Two new cases of fever and two additional deaths. All the railroads running to Memphis resume regular business on Sunday. Train inspectors and the pickets on the river and the suburbs will be disbanded to-morrow. Several passengers from Cincinnati and Louisville arrived this afternoon. A general return of absentees is expected on Monday.

FRANCE.

London, October 25.—A Rome despatch says that the Vatican is seeking an understanding with the French Government by which the operation of clause seven of Jules Ferry's Educational Bill will be limited to the Jesuits, leaving the position of other religious corporations in France unaltered.

GREAT BRITAIN.

London, October 23.—At a Home Rule meeting in Manchester on Tuesday the chairman introduced Daniel Mulhearn, of Brooklyn, N. Y., who said the action of the Home Rulers and of Parnell was closely watched by Irishmen in America, as by those in Dublin. He was sure Parnell and the Irishmen of Great Britain might count on assistance from Irishmen in America.

London, October 23.—Sir Michael Hicks Beach, Colonial Secretary, in a speech at Birmingham, said a most dangerous agitation is going on in Ireland, which assumes the appearance of an agrarian agitation of the worst type.

AFGHANISTAN.

London, October 23.—A reconnaissance was made on the 21st inst. from Gumbak, and a large quantity of military stores and provisions seized in Sufed Seng.

Cabal, October 23.—Important papers believed to implicate one of the Khans have been discovered at Bala Hissar. A court martial has assembled to try the case. It is rumored that thirteen Heratite regiments are advancing on Cabul.

Jellalabad, October 24.—Gen. Gough, commanding the forces along the line of communication, arrived at Shutturagan without opposition.

Shind, October 24.—Gillzais in force near Shutturagan are expected to oppose the passage of the British withdrawing from the Pass. Other Gillzais are assembling between Kund, Cabul Pass and Jughlak, and have occupied Hazar Darakt, near Gandamak. General Gough has arrived at Gandamak.

London, October 23.—A dispatch from Kusts announces the arrival of a convoy from Shutturagan. There has been hand fighting at the latter place. Many of the enemy have been killed. Snow is already beginning to fall in the hills.

CANADIAN NEWS.

St. Michael's Cathedral, Toronto, is about to have a new \$10,000 organ.

Some time during Wednesday night, the store of Messrs Plum & McCallum, New Hamburg, general dealers, was entered, and a considerable quantity of overcoats, ready-made clothing, boots and shoes and a small sum of money carried off.

Entrance was effected by means of a back window. It is generally supposed that the burglars were tramps.

On Wednesday night the grocery store of Edmund Burke, Simcoe, was entered by burglars. The combination of the safe was broken off and the lock picked. Fortunately, it contained only \$80 in cash, which was taken. Promissory notes, private papers and the stock were not touched.

The thieves gained entrance by bursting the lock off the front door and departed through the back door, carefully closing both. Mr. Burke will be remembered as one of our London residents a few years since.

A very serious if not fatal accident occurred in Madoc, on Saturday. An old man named Adams, while getting into a lumber wagon fell under the wheels.

They passed over his head, splitting his forehead open and gouging out an eye, besides otherwise badly bruising him. His recovery is very doubtful.

The Grand Jury at Belleville Assizes have found a true bill for wilful murder against Lulu Ellis, the woman who shot the young man McIntyre a few days since.

Mr. Francis Morgan, of Moorfield, Ont., was kicked by a horse on Sunday, and received injuries from which he is not expected to recover, owing to his advanced years, he being over seventy years old.

On Monday Mrs. Elias Trabb, of Hamilton, while walking on the track of the N. W. Railway, was struck by an engine, receiving injuries from which she soon afterwards died. A baby five months old, which she carried in her arms, was instantly killed.

Aylmer, Ont., October 27.—Dr. Charles Clark, homeopath, administered a dose of ether this morning to Mrs. Newton Ellis, twenty-five years old, of this place, to extract a tooth. She became insensible, and never recovered. An inquest was held, and the doctor exonerated from blame, the dose having been a small one.

Ottawa, Oct. 27.—To-morrow the relics of St. Anselm, the martyr, presented to

Bishop Duhamel while in Rome, will be removed from the Bishop's private chapel with great ceremony, and translated to a vault prepared for them under the sanctuary of the Sacred Heart of Jesus. The Bishop of St. Hyacinthe will assist.

Monday afternoon, as Mr. J. John Thompson, from the township of Derby, was driving home from Owen Sound, his horses were frightened by a team behind trying to pass, and became unmanageable. The wagon came in contact with a stump on the roadside, smashing the axle and throwing the occupants, which consisted of three persons, on the ground. One of them, Mr. John Beaton, farmer, received injuries from which he died in half an hour. Mr. Thompson was found to be insensible, but is recovering.

COMMERCIAL.

London Markets.

WHEAT.—During the first part of the week the wheat market took a jump upwards, but has since suffered a relapse. Where as high as \$2.09 was offered for white since, it is with difficulty that \$2.04 can now be secured, a fall of about 5 per cent. This reduction is owing chiefly to the fact, that speedy transportation cannot be secured, all the shipping Boards being filled and overflowing with grain. The deliveries throughout the week have been large. Spring wheat has come in pretty steadily and is in good demand.

BARLEY.—Continues to be in good supply and the demand is equally good. A better quality is now coming in—some prime bringing as high as \$1.50. The average price is from \$1.20 to \$1.35.

A GOOD PLAN.

Anybody can learn to make money rapidly operating in stocks, by the "Two Evening Rules for Success," in Messrs. Lawrence & Co.'s new circular. The combination method, which this firm has made so successful, enables people with large or small means to reap all the benefits of largest capital and best skill. Thousands of orders, in various sizes, are pooled into one vast amount, and consigned to a mighty whole, thus securing to each shareholder all the advantages of the large operator. Immense profits are divided monthly. Any amount, from \$2 to \$20,000 or more, can be used successfully. N. Y. *Brooklyn Weekly*, September 24th, 1898, says: "By the combination system \$15 would make \$75, or 5 per cent; \$50 pays \$50, or 10 per cent; \$100 makes \$100, or 10 per cent, on the stock, during the month, according to the market."

Frank *London Independent*, September 24th, 1898, says: "The combination method of operating in stocks is the most successful ever adopted."

New York *Independent*, Sept. 22nd, 1898, says: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co. *Brooklyn Journal*, April 29th, 1898, says: "The combination system is a net profit of \$100,000 from \$25 in one month. Messrs. Lawrence & Co. wanted. Government bonds supplied. Lawrence & Co., Bankers, 57 Exchange Place, N. Y.

ALL RHEUMATIC AND OTHER PAINS CURED IN A FEW HOURS. W. Y. BRUNTON, Esq., St. Hyacinthe, Que.

I have used your Rheumatic Absorbent for some time in my practice, in the treatment of Rheumatism, and with the very best results. I consider it an excellent preparation, and have much pleasure in recommending it.

Branton's Rheumatic Absorbent and Digestive Fluid are sold by all druggists. Severe Case of Rheumatism—To Whom it May Concern.

From Mr. Robert Dickson, Westminister. I am very glad to state for the benefit of others suffering from Rheumatism or Neuralgia, that I have been very greatly helped by taking the Electric Baths and treatments, administered by Dr. Wilson, of the Electro Pathic Institute. I was advised to go to him by my son-in-law Mr. J. Jarvis, of Westminster, and also by my grandson, both of whom had derived great benefit from Electricity. The Rheumatism was chiefly in my shoulders and sometimes extending to the knees and feet, at times being really tortured by the pain. One course of treatment relieved me very much, and in two courses I was entirely cured. I feel confident in saying that there is no remedy that can equal Electricity in the treatment of Rheumatic complaints, and therefore confidently recommend those suffering from Rheumatism to take the treatment before trying any medicines as I had been doing for twelve years.

From Lett & Hildesheim, Post Master, Glenora, Ont. Dear Sir, I was afflicted with severe Sciatic Rheumatism, and was unable to walk. My leg had shrunk nearly one-half, and I was getting very feeble below the knee. My health was much injured by the powerful medicines and application I had received. In one week after taking Electricity of Dr. Wilson, I was able to sit at the table, which I had not done for four months before. I have been in good health and improving ever since, and am fully convinced that Electricity treatment, according to the new system, is worth more than all the combined medicines in the world. LEVY S. HICKSON.

Intending Insurers Will Note. 1st. That the "London Mutual" was the pioneer of cheap farm insurance in Canada, and that its rates have always been placed as low as is commensurate with the hazard; that being *Purely Mutual*, it has no stockholders, and all profits are added to its reserve fund to give better security to its members.

2nd. That it is the only Company that has always strictly adhered to one class of business, and now has more property at risk in the Province of Ontario alone than any other Company—stock or mutual—English, Canadian, or American, (vide Government Returns).

3rd. That it has paid nearly a million dollars in compensation for losses, having distributed the same in nearly every township in the Province.

4th. That its books and affairs are always open to the inspection of the members, and the Directors are desirous that the privilege should be exercised.
