It Pays to Get Real Tested Seeds

For every cent you spend for seeds this spring you expect to reap dollars next fall.

If these fail you, you lose not only the cents you pay for them, but the dollars you should get in crops. You lose the labor, time and use of land in which you plant them.

That's why it is so important to get seeds that are tested and proven.

Carter's Tested Seeds are really tested by actual growing on the famous trial and testing grounds of James Carter & Co. at Raynes Park, London, England. They are tested for purity, germination, quality and production. At the same time other brands are tested alongside them to make certain that Carter's are superior.

Carter's Tested Seeds have
