### THE CRITIC.

It is easy to sit in the sunshine  
And talk to the man in the shade;  
It is easy to float in a well-trimmed  
boat,  
And point out the places to wade.

It is easy to sit in your carriage  
And counsel the man on foot;  
But get down and walk, and you'll  
change your talk  
As you feel the nail in your boot.

It is easy to tell the toiler  
How best he can carry his pack;  
But no one can rate a burden's  
weight  
Until it has been on his back.

The upturned mouth of pleasure  
Can preach of sorrow's worth;  
But give it a sip, and a wryer lip  
Was never made on earth.

Mrs. Henry Peck (whose mother  
has been visiting them for over four  
months): "I don't know what to  
buy mother for a birthday present;  
do you?" Mr. Henry Peck: "Yes,  
buy her a travelling bag."

## IS NO LONGER A DEATH SENTENCE

BRIGHT'S DISEASE AGAIN  
CURED BY DODD'S KIDNEY PILLS.

Miss Johann Mayor, Given up by  
Two Doctors, is Again a Strong  
Healthy Girl.

Lochiel, Glengarry Co., Ont., May  
2.—(Special).—That Bright's Disease  
has come within the reach of Medical  
Science and is no longer on the list  
of incurable diseases is again proved  
in the case of Miss Johann Mayor, of  
this place. In an interview Miss  
Mayor says:

"I had Bright's Disease in its worst  
stages and had to give up a profit-  
able position with a corset firm. Two  
doctors whom I consulted gave me  
up, telling me I had let the disease  
go too far. I spent a fortune with  
doctors besides going to Caledonia  
Springs each summer, but no good  
resulted and I began to think I  
could not endure life much longer.  
"It was then I started to use  
Dodd's Kidney Pills and it is owing  
to them entirely that I am at work  
to-day, a strong healthy girl. It  
took eight boxes in all to complete  
the cure, but I did not take the first  
two boxes regularly as I had no faith  
in them. You may be sure in future  
I will never be without Dodd's Kid-  
ney Pills."

Dodd's Kidney Pills always cure  
Bright's Disease. How sure it is they  
will cure all the earlier stages of  
Kidney Disease.

### DO YOU THINK RIGHTLY?

Effects of Thought on Mind and  
Body Alike.

Wrong thinking is indicative of  
weakness. It is, indeed, a species of  
insanity, for a wrong thinker is con-  
tinually tearing down and wrecking  
his own mental and physical struc-  
ture. The right thinker is the only  
same thinker, and he is the happiest  
as well as the most successful man.  
He knows better than to keep con-  
stantly tripping himself up with the  
adverse thought which produces de-  
structive conditions.

Worry is one of the greatest en-  
emies of the human race. It carves  
its deep furrow wherever it goes; it  
carries gloom and unhappiness with  
it; it delays or prevents the process  
of digestion and assimilation until  
the starved brain and nerve cells  
utter their protest in various kinds  
of disease.

Wrong thinking, whatever its na-  
ture, leaves indelible scars on mind  
and body alike. It affects character  
and material prospects equally. Every  
time you grumble or find fault;  
every time you lose your temper;  
every time you do a mean, con-  
temptible thing you suffer a loss  
which cannot be repaired. You lose  
a certain amount of power, of self-  
respect, and of an uplifting and up-  
building character-force. You are  
conscious of your loss, too, which  
tends to weaken you still further.

A man who wants to do his best  
must keep himself in good mental  
trim. If he would achieve the highest  
success he must be a correct  
thinker. He cannot think discord,  
and bring harmonious conditions in-  
to business. His wrong thought  
will honeycomb and undermine his  
prospects in life.

"Brown is weak financially, isn't  
he?" "He hasn't much money,  
but he gives employment to a great  
many men." "Who are they?"  
"Other people's bill-collectors."

"There are two things," remarked  
Fogg, in a contemplative mood,  
"that I don't understand. One of  
these is, how the world got along  
before I came into it; and the other,  
how it is going to get along after  
I have left it."

"Bought my Life for 35  
cents."—This was one man's way of  
putting it when he had been pronounced  
incurable from chronic dyspepsia. "It was  
a living death to me until I tried Dr. Von  
Stan's Pineapple Tablets. Thanks to them  
to-day I am well, and I tell my friends I  
bought my life for 35 cents." 60 in a

"So this is your dull season, eh?"  
observed the visitor. "When is the  
busiest period in your factory?"  
"When the whistle blows for the men  
to leave work," answered the man-  
ufacturer.

NEW YORK'S TUNNELS.

First of Them Nearly Completed—  
Great Feat.

The first of a great series of under-  
ground tunnels, which is to solve  
the congested traffic problem of  
Greater New York, has now been  
opened. It is a tube running under  
the North river from Jersey City  
to the foot of Morton street, New  
York, and it has a length of 5,600  
feet, being 18 feet in diameter.

A party of guests walked through  
the tunnel, and came near being in-  
volved in a serious accident, as the  
ventilating arrangements are not yet  
finished, and the party was obliged  
to subsist on compressed air. They  
were in acute distress for a short  
time, but finally emerged on the  
Jersey side not much the worse for  
their experience.

The tunnel is one of two owned by  
the New York and New Jersey Rail-  
way Company, the second not be-  
ing yet finished. Tracks for elec-  
tric tram cars are to be laid in the  
tubes, and passengers will be trans-  
ported from end to end in five min-  
utes.

The new tube is one of the great-  
est engineering feats ever attempted  
in New York. The work was begun  
twenty years ago, but owing to  
difficulties encountered in digging  
through the treacherous bed of the  
river, it was twice abandoned. The  
tunnel has now been completed  
through the efforts of Sir Wecman  
Pearson, who designed the system  
of construction.

The Pennsylvania Railway Com-  
pany is engaged on the building of  
another great tunnel, which will run  
from New Jersey under the North  
river to New York, then below the  
city to the East river, and under  
the East river to Brooklyn. This  
tunnel which will cost \$50,000,000,  
will be nearly three miles long, and  
will be wide enough for four tracks.

### HAS A SAY.

The School Principal Talks About  
Food.

The Principal of a High School in  
a flourishing California city says:  
"For 23 years I worked in my  
school with only short summer vaca-  
tions. I formed the habit of eat-  
ing rapidly, masticated poorly which  
coupled with my sedentary work led  
to indigestion, liver trouble, lame  
back and rheumatism.

"Upon consulting physicians some  
doped me with drugs, while others  
prescribed dieting and sometimes I  
got temporary relief, other times  
not. For 12 years I struggled  
along with this handicap to my  
work, seldom laid up but often a  
burden to myself with lameness and  
rheumatic pains.

"Two years ago I met an old  
friend, a physician who noticed that  
once my out-of-health condition and  
who prescribed for me an exclusive  
diet of Grape-Nuts, milk and fruit.  
"I followed his instructions, and  
in two months I felt like a new man  
with no more headaches, rheuma-  
tism or liver trouble and from that  
my main food for morning and even-  
ing meals, am stronger and health-  
ier than I have been for years with-  
out a trace of the old troubles.

"Judging from the present vigor-  
ous physical and mental state I tell  
my people Methuselah may yet have  
to take second place among the old  
men, for I feel like I will live a  
great many more years.

"To all this remarkable change  
in health I am indebted to my wise  
friend and Grape-Nuts and I hope  
the Postum Co. will continue to  
manufacture this life and health giv-  
ing food for several centuries yet,  
until I move to a world where in-  
digestion is unknown." Name given  
by Postum Co., Battle Creek, Mich.

about Grape Nuts. Those who have  
tried it know things.

### Beware of Ointments for Calarrh that Contain Mercury.

as mercury will surely destroy the sense  
of smell and completely derange the  
whole system when entering it through  
the mucous surfaces. Such articles  
should never be used except on pre-  
scriptions from reputable physicians, as  
to the good they will do is ten fold  
from them. Hall's Catarrh Cure, man-

taken internally, acting directly upon  
the blood and mucous surfaces of the
