ANOTHER BUTCHER UP TO DATE.

MR. COFFIN of 147 New Gower St., is awaiting the arrival of one of our latest Type DAYTON MONEYWEIGHT SCALES.

Mr. Coffin has not been in business for himself as long as some others, but he is convinced that there is no economy in fooling along with inferior Scales. Mr. Coffin has established a reputation for the quality of his Pork and Sausage.

When the new Scales arrive, Mr. Coffin will have one of the most up to date shops in the City, and the consumers in his district appreciate his enterprise. The time has passed when any butcher or grocer can run a shop in St. John's on the "Back woods" principal and increase his business.

If a merchant is not prepared to serve his customers promptly and efficiently, and his competitor across the street makes every effort to be up to date, the public soon finds it out and the merchant who is not afraid to take the pains or to spend a little money in order to serve his trade better, will find new customers and increased business.

It is a mistake to imagine that the people of Newfoundland do not appreciate efficient service.
