

Colds
'I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral and it gave me immediate relief.'
W. C. Layton, Sidell, Ill.
How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Tammany Hall was defeated in the municipal elections in New York City on Tuesday, 5th. Seth Low, the Republican candidate, having a majority of some 40,000 votes. The whole ticket was elected. Tammany tiger, headed by Richard Croker and his gang will be succeeded by honest men, it is hoped, and the rule of corruption be put down. King Edward's title is now 'Edward the Seventh, by the grace of God of the United Kingdom and of the British Dominions beyond the sea, King, Defender of the Faith, and Emperor of India.'

A Doctor in the House!

Sole proprietors, THE WINDSOR CHEMICAL CO. Limited, Montreal, Canada.

Old lady—I hope, my boy, that you don't sell papers on Sunday. New boy, sadly—I ain't big enough to carry a Sunday edition yet.

BABY'S HEALTH
THE MOST PRECIOUS THING IN THE WORLD TO A MOTHER—HOW TO CARE FOR LITTLE ONES.
No price would be too great to pay for the preservation of the perfect, rosy, sturdy health of a baby. No price would be too great; but, as a matter of fact, the price is very small—simply precaution and the exercise of good judgment.
It is not good judgment to give the tender, little infant remedies containing opiates, and the so-called 'soothing' medicines, which contain opiates; they do not cure, they only drug and stupefy the little one. Baby's Own Tablets are guaranteed to contain no opiates and no harmful drugs. It is the best medicine for little ones, because it is promptly effective and absolutely harmless. For nervousness, sleeplessness, constipation, colic, stomach troubles, the irritation accompanying the cutting of teeth and other infantile troubles, Baby's Own Tablets are beyond question the best medicine in the world. The Tablets are sweet and pleasant to take, and dissolved in water can be given with absolute safety to the youngest infant. Mothers who have used this medicine for their little ones, speak of it in the most enthusiastic terms—that is the best proof of its efficacy. Mrs. Alonzo Feltmate, Whitehead, N. S., says: 'In my opinion Baby's Own Tablets are unequaled for children. They take it readily, and it regulates the bowels, cures them of peevishness, and is a great helper in teething. I would not think of being without the Tablets.' Sold by druggists or sent postpaid on receipt of price, 25 cents a box, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Hantsport
Dr. Oscar Dorman is visiting his father, Mr. David Dorman. There are twenty-seven reported cases of small pox in St. John. The Acadia football team defeated Mr Allison team Thursday and Truro on Friday. Rev. I. Wallace of Wolfville, is conducting special meetings in Cumberland Co. The W. W. W. Club held its first meeting since re-organization in Sweet's hall Friday night. Rev Allan Daniel of Avondale, will exchange pulpits with Rev. Mr Aikens next Sunday evening. F. A. Coffill, station Ave. has lately put up a neat sign on his store. We understand Mr Coffill did the painting himself. Among late enjoyable surprise parties have been gatherings of young people at Miss May Earle's and Misses Jean and Edith Pents. Mrs Kathleen Jones of Halifax, is stopping for a few days at the Hantsport Hotel. Mrs Jones is looking for a suitable residence to lease in town. Mr. and Mrs. J. Terry North left on Wednesday last for New Mexico, where Mrs. North will probably remain for the winter for the benefit of her health. William Frank Fuller, of Burlington, Hants county, was brought before James Farquhar, justice of the peace at Brooklyn, charged with the offence of neglecting to support his wife and family. The many friends of H. Price Weber, the popular showman, who was burned out last spring, will be glad to hear he is doing a good business in P. E. Island. We noticed last week some Indians carrying loads of axe handles into the town for sale at the stores for winter's use. There were several lumbermen with teams here last week on their way to the woods for winter's work. Mr. Power during our visit Saturday to the coal mining operations here, reported having gone through small seams of coal and fossil remains. The machinery and everything works to perfection. Messrs Power, Smith, Stacky, Alley and Roderick Mitchener are employed in the works. Capt Edward Davison celebrated his 90th birthday on Friday evening. A number of friends were present. During the evening refreshments were served and substantial tokens of esteem were presented to the popular and genial old gentleman. May he live to see many more such occasions. After the regular meeting of our council Tuesday evening, 5th, a meeting of the board was held. Dr. Margeson, health officer, reported the town in good health. No infectious disease being within the town limits. In view of the small-pox being in Kentville and the remote possibility of it spreading to Hantsport, it was resolved to fit up some isolated building as an emergency hospital. Grand Pre's apple buyer, and by the way a candidate for councillor, Mr. W. C. Hamilton, informed us the other day he gave one man a check for \$2,000 for a part of his apple crop. Mr. Hamilton ships his apples to England via Montreal. Unreasonably as it may seem, this is the cheapest way of transportation. Halifax steamers charge 90 cents per barrel to England, while the rate from Montreal is only 75 cents. CAPT. McCULLOCH INJURED.—The town was shocked Saturday night to hear of the serious accident to one of our most respected citizens, Capt. Wm. McCulloch, of the tug Chester. While at work about 10 o'clock Saturday evening off Horton Bluff, Capt. McCulloch fell down from the deck into the stoke hole, fracturing his skull and rendering him unconscious. As the doors leading to the cook room and stoke hole are together on the deck, it is thought that Capt. McCulloch, in the darkness, made a mistake and opened the wrong door, the result being the dreadful accident. He fell some 10 feet, landing on his head on the concrete floor. It was some time before he could be conveyed to his home here and medical assistance secured. The patient is doing as well as his injuries will allow under the care of Dr. Margeson of this place and Weeks of Brookline, but is still unconscious. Hopes are entertained for the Captain's recovery, but it will be a narrow escape if he regains his health. The many friends of Capt. McCulloch and family deeply sympathize with them in wishing for his recovery. Minard's Linctum Cures Colds etc.

BURLINGTON
Mr. Editor,—Have you a menagerie in Hantsport? If you have and are in need of a few wild animals we can supply you. The air is full of rumors of queer sights which aroused a great deal of curiosity on Hallow E'en. An animal of most singular appearance was seen prowling around and emitting sounds of great distress or something else. Its skin was perfectly smooth but its head resembled that of a big goose. Although it sometimes moved on all fours, a noticeable feature was that it always stood on one foot to kick, which seemed its only savage trait. It was seen last seen trying to go head first through a barbed wire fence. Boys, do not leave your wheels leaning against the fence or you may be surprised to find them over the bars. Such things have happened before. So a bicycle lamp is a good thing to have attached. I wonder why? Strains of sweet music are certainly very attractive to the weary wandering cyclist, but if you wish to know the participants in such a merry gathering, why walk right in. You can't tell very well by looking in at the windows, see! Mr. Roscoe, Inspector of Schools, visited our schools on Wednesday and found everything in a flourishing condition, schools and teachers showing good work. Miss Ethel Brooks, of Windsor, paid a short visit to her home last week. The ladies of Burlington are planning to have a bean supper some time this month to raise money to reduce the debt on the church. Mr. and Mrs. Fred Curry, with Master Fred Tyler of Collegiate School, Windsor, spent Sunday at the Parsonage. Mr. Bishop, of Hantsport, was in Burlington last week on a hunting excursion. There was a surprise party at Mr. Albert Burgess' house on Thursday evening. Music and games were enjoyed and it is said that one young man wore his slippers. NINE TIMES OUT OF TEN Pain-Killer will be found to fill your needs as a household remedy. Used as a liniment for stiffness and taken internally for all bowel complaints. Avoid substitutes. 25c. and 50c. Avonport Mrs. Robert Shaw who has been visiting in St. John's, has returned home. Miss Ethel Porter of Centreville, is visiting at Mr. James Lockhart's. Miss Eva McLean of Windsor, who has been visiting at Mr. Peter Green's has returned home. The goose supper held on Tuesday and Wednesday night's proved quite a success. People were present from all the surrounding places. The Hantsport band furnished excellent music on Tuesday night. Many thanks is extended to the people for their attendance. The sum of seventy five dollars was cleared. Miss Euraie Borden spent Sunday with friends in Wolfville. Mr. Clyde McBurnis who has been staying at Freeman Huntley's returned to his home in Newport. Miss Maggie Green spent a few days with friends in Windsor. Hopeful Division are again holding their meetings in the Hall. Quite a number of improvements have been made on it lately. Mr. and Mrs. Fred Borden spent Saturday with friends in White Rock. UP LATE NIGHTS, endless engagements, generally run down? Take 'The D. & L.' Emulsion of Cod Liver Oil. It will tone up your system and make you feel yourself again. Made by Davis & Lawrence Co., Ltd. St. Croix The Young Peoples Sewing Circle spent last Monday evening very pleasantly at the Manse. The Bean Supper held on Monday evening, Oct. 28th, under the auspices of St. Croix Division, was a success both socially and financially. Mrs. E. B. Mather and niece, Miss Blanche R. d. n. have gone to Windsor where they expect to spend the winter. The Y. P. S. C. E. of the Presbyterian Church, will hold a Missionary meeting Sunday evening, Nov. 17th. Rev. M. G. Henry and Mrs. Henry spent part of last week in Halifax. Mr. Henry attended the meeting of the Y. P. S. C. E. on two or three occasions of the meeting of Grand Division. Work is being done on the saw mill at Hantsport. Minard's Linctum Cures Diphtheria.

Suffocating With Croup
Croup is the terror of every mother and the cause of frequent deaths among small children. Chase's Syrup of Linseed and Turpentine brings prompt relief to the loud, ringing cough, makes breathing easier and prevents suffocation. It is mother's favorite remedy for coughs, colds, croup, bronchitis, whooping cough and asthma. Mrs. F. W. Bond, 20 Macdonald street, Barrie, Ont., says: 'Having tried your medicine, my faith is very high in its power of curing cough and croup. My little girl has been subject to the croup for a long time, and I found nothing to cure it until I gave Dr. Chase's Syrup of Linseed and Turpentine. I cannot speak too highly of it.' 25 cents a bottle, all dealers, or Edmanson, Bates & Co., Toronto.

Dr. Chase's Syrup of Linseed and Turpentine.
John Stanfield, manufacturer; Frank Stanfield, manufacturer; Harold Milford Stanfield, physician; Lydia Stanfield, widow; Emma Marie Stanfield, accountant; Francis Jane Stanfield, spinster; Annie Emily Stanfield, spinster; and George Lemuel Fisher, accountant, all of Truro, N. S., have applied for incorporation as the Truro Knitting Mills Company, with a capital of \$300,000, and with Truro as the chief place of business. Rheumatic-warped Limbs, Pain and Suffering. Not a Trace of Rheumatism Left After Using Dr. Chase's Kidney-Liver Pills. If you are a sufferer from rheumatism in any form, you have tried many remedies without reaping much benefit. Judging from the number of cures that have been reported, Dr. Chase's Kidney-Liver Pills must be about the best medicine obtainable for rheumatism. It cures thoroughly, by ridding the blood of uric acid poisons, the cause of rheumatism and severe body pains. Mr. S. Mann, Sittsville, Carleton Co., Ont., writes: 'I was afflicted with rheumatism, had severe pains in the knees, hip joints and across the back. Rheumatism remedies did not help me and I began using Dr. Chase's Kidney-Liver Pills, which have since completely cured me. There is not the least trace of rheumatism left, and I am no longer subject to biliousness, headache and stomach sickness, which formerly attacked me frequently.' Dr. Chase's Kidney-Liver Pills have a larger sale by far than any similar remedy. They cure when others disappoint. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

A Modern Scourge
MORE TO BE DREADED THAN AN OUTBREAK OF SMALL-POX
No Epidemic in the Last Quarter of a Century Has Carried Off as Many People as Annually Fall Victims to Consumption. L'Avenir du Nord, St. Jerome, Que. Throughout Canada much alarm has been felt during the past few months at the outbreak of small pox that has occurred in various localities and thousands of dollars have been expended—and rightly so—in suppressing it. And yet year in and year out this country suffers from a plague that claims more victims annually than have been carried off by any epidemic during the past quarter of a century. Consumption—the great white plague of the north—is more to be dreaded than any epidemic. Its victims throughout Canada are numbered by the thousands annually, and through its ravages bright young lives in every quarter are brought to an untimely end. Why? There are two reasons, the insidious character of the disease, and the all too prevalent belief that those who are weak and that are foredoomed to an early death and that the most that can be done is to give the loved ones temporary relief in the journey towards the grave. This is a great mistake. Medical science now knows that consumption, when it has not reached an acute stage, is curable. But better still it is preventable. Sufferers from weak lungs who will clothe themselves properly, who will keep the blood rich and red, not only need not dread consumption, but will ultimately become healthy, robust people. Among those upon whom consumption had fastened its fangs, and who have proved the disease is curable, is Mr. Ildge St. George of St. Jerome, Que. His story as related to a reporter of L'Avenir du Nord, will be of interest to similar sufferers. Mr. St. George says: 'Up to the age of fifteen years I had always enjoyed the best of health, but at that age I became greatly run down. I lost color, suffered constantly from headaches and pains in the sides, my appetite failed me and I became very weak. For upwards of three years—though I was having medical treatment—the trouble went on. Then I was attacked by a cough, and was told that I was in consumption. Then the doctor who was attending me ordered me to the Laurentian Mountains in the hope that the change of air would me benefit. I remained there for some time, but did not improve, and returned home feeling that I had not much longer to live. It was then that my parents decided that I should use Dr. Williams' Pink Pills, and I began taking them. After using several boxes my appetite began to return, and this seemed to mark the change which brought about my recovery, for with the improved appetite came gradual but surely increasing strength. I continued the use of the pills, and daily felt the weakness that had threatened to end my life disappear, until finally I was again enjoying good health, and now, as those who know me can see, I show two traces of the illness I passed through I believe Dr. Williams' Pink Pills saved my life, and I hope my statement will induce similar sufferers to try them. Dr. Williams' Pink Pills make new rich, red blood. With every dose the blood is strengthened, the quantity increased, and thus the patient is enabled not only to resist the further inroad of disease, but is soon restored to active health and strength. If you are ill, or weak, or suffering from any disease due to poor blood or weak nerves, take Dr. Williams' Pink Pills at once and they will soon make you well. These pills are sold by all dealers in medicines, or will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. It is announced in London, England, that the marriage will shortly take place of Lieut. Hughes C. Lockyer, R. N., second surviving son of Sir Norman Lockyer, K. C. B., F. R. S., and Miss Geraldine Stairs, younger daughter of Mr. John F. Stairs, of Halifax, N. S.—Tor. Globe. Dr. F. S. Kinsman, formerly of Digby, has opened an office in Truro. TO HAVE BEAUTIFUL SKIN Every one who would have a clear, soft, velvety skin free from pimples, blackheads, redness and disfiguring eruptions must use Dr. Chase's Ointment. It is a true food for the skin, does not clog the pores as do powders, and insures permanent benefit. There is not a single itching, burning skin disease of men, women or children that Dr. Chase's Ointment will not cure. Mothers find it invaluable for Baby Eczema, scald head and chafing on the little ones.
