year 25,000 men found tood and matter as the inn. The big whaleback steamship, City of Everet, the largest vessel of the type ever built, which was recently launched from a State of Washington shipyard, has been put on the route between San Francisco and Panama as an experiment to deter-mine the value of the whaleback type of steamship in the ocean carrying trade from the standpoint of economy and speed, as well as seaworthiness.

FOREIGN.

The German Asiatic fleet has been order-At 3 o'clock the other alternoon when Mrs. Bowsor went to bed with a sick headache she hoped to be up and around before Mr. Bowser came home to supper. At 5 o'clock she made an effort to get

aty and tender regu "You-you are awfully good, but-

range in his left side a few inches be-low the heart. He cried out, "I am shot." The wound bled internally. Mr. Yates headed the boat across the lake for Lancaster, which he reached after about an hour's pull. Nicholson spoke for the last time when about half a mile from land, Dr. Harkness happened to be near at hand, but the poor fellow died as they raised him from the boat. The remains were taken to the residences of his brother. William Nicholson, Lam-caster, and thence this evening to his home in Cornwall. Deceased was a son of the late Mr. William Nicholson, sen. and was born at Lancaster about 35 years ago. He was maried and con-ducted a baking business in Cornwall for about ten years. He was an estim-able citizen and a member of the local lodge of the A.O.U.W. MR. AND MRS. BOWSER.

MR. AND MRS. BOWSER.

"You-you are awfully good, but-but-" "I see ! I am awfully good, but I make you streed! All right, Mrs. Bowser! I did think that the place.or & hueband was bedde the bed of his suffering wife, but now I see my mitatks. I did think that a suffering wife's heart would be touched by a hueband's unself. A devo-tion, but I was in error. Good-night, Mrs. Bowser!" "You may sit and hold my hand." "Nover! I am not in the holding-hand business. You have a headache. I seek to cure it, and you repulse me, You suffer and my heart bleeds for you. In-stand of words of thankfulness I simply make you tired. Mrs. Bowser, go to grass with your, old headache! I will perhaps look in on you in the morning, or at fiels in the course of the week, and abould you have sufficiently recovered we will talk over certain things and come to an understanding. Woman, good-night!" <u>All the Same.</u> At 3 o'clock the other afternoon when

All the Same. "Have you any flounces" asked Tony Pippin, with an abstracted air, as he in-serted his legs under a table in one of those quick dispatch restaurants in Park row.

before Mr. Bowser came home to supper. At 5 o'clock she made an effort to get out of bed, but she was too ill, and at 6 Mr. Bowser found her where she had been lying for the last three hours. "Woll, what's the matter now?" he asked, as he looked down on her. "One of my headaches," is he faintly replied. It was a critical moment. Mr. Bowser, as a representative husband, would either begin scolding her for carelessness and declare that he was tired of running a hospital, or he would run to the other ex-treme and make the situation just as bad. "Headache, eh?" he continued. "Well, I'm awfully sorry for you, and as soon The finffy-haired waitress glanced down at her plain black skirts, blushed labori-ously and said; "What was that you wanted?" "Elonges."

"What was that you wanted?" "Flounces." "How'll you have 'em—baked, boiled, shired or bias?" the girl responded, face-tiously. She thought Mr. Pippin was given to repartee. "I want them fried with bacon," Tony responded, with some sevarity. "Will you take my order?" "Yes, it you call for anything on the bill. This ain't no Chinese laundry." Sarnek by a gudden fear, Mr. Pippin

"Headache, ch?" he continued. "Well, I'm awfully sorry for you, and as soon ess I have had a bite to eat I'll see what can be done. Poor old dear—you look as if you had suffered for a week!" "I'll be all right in an hour or two more, "she wh?meered." You can eat your supper and smoke your pips and don't be put out. I'll get up by 8 o'clock." "Don't bink of it. Mrs. Bowser, unless

bill. This ain't no Chinese laundry. Struck by a sudden fear, Mr. Pippin grabled the thumb painted menn, scanned the oyster list for a moment, and then put out. I'll get up by 8 o'clock." "Don't think of it, Mrs. Bowser, unless you feel a great deal better. I'll be up

aid meekly: ain in ten minutes. You are always

Pumice-stone is the theme of Mr. Nor-man Douglass' report transmitted to the foreign office by our ambassador at Rome, and this imporant item in the Italian ex-ports furnishes some interesting details, says the London Daily News. Pumice, ports furnishes some interesting details, says the London Daily Nows. Pumice, as is well known, is of volcanic origin, be-ing a trachytic lara which has been rend-ered light by the escape of gases when in a molten state. It is found on most of the isores of the Tyrnenian Sea and else-where, but it is at present aimost exclusive iy obtained from the lists island of Lipart have of the transmission constraints and the where, but it is at present aimost exclusive iy obtained from the lists island of Lipart have of the transmission constraints and the mountain. Monte Chicles, neary 3,000 feet in highly, with its two accessory craters. The dis-trice is all the product of one mountain. Monte Chicles, neary 3,000 feet in highly, with its two accessory craters. The dis-trice is which the pumice is excavated overs an area of three square miles. If has been calculated that about 1,000 hands are employed in extraoting the mineral, Pumice is brought to the sufface in large blocks or in baskiss and is carried thus other to the neighboring village, or to the easilors, to be taken thence in houses. The many is and to be practically inexhanst-

FAINTLY REPLIED. good to me when I'm sick that I'm al-most glad of a chance to pay you back. Just lie quiet till i come back.'' Is was sottled that Mr. Bowser, who had come home in a "melting mood" was going to be "good," and when he left her bedside Mrs. Bowser sighed in anticipation of the programme Ho bolt ed down his suppor and was back in sayren or eight minutes, and as he builded
