

FALCONER FOR TORONTO.

Resignation Accepted by Board of Pine Hill College.

Halifax, N. S., May 31.—The Presbyterian College Board met yesterday morning. Principal Falconer, who presented and his resignation of the principalship of the college, in view of his decision to accept the offer of the presidency of Toronto University, was laid before the board. The action of the board was that, while greatly regretting to lose his services, nothing would be placed in the way of Dr. Falconer's acceptance.

The board unanimously nominated Rev. Dr. Magill, one of the professors of Pine Hill College, as Principal Falconer's successor, and Rev. J. W. Falconer, pastor of Fort Massey, to succeed his brother as professor of New Testament exegesis.

WHEN YOUR BACK HURTS

Of course it's hard to work. Stopping over hurts, lifting is tedious, and you wonder what to do. Ever try Nervine? Nothing like it for weak or lame back. It penetrates to the core of the pain, eases from the first application, brings cure that defies a relapse. No liniment is so clean, so soothing, so certain to kill muscular rheumatic or sciatic pain. Your dealer sells Polson's Nervine in large 25c. bottles. Why not try it?

Coal Going Up.

Winnipeg, May 31.—G. G. S. Lindsey, of the Crow's Nest Coal Co., who was in Winnipeg yesterday, said: "A rise in the price of coal is inevitable, owing to the action of the public and the press."

The newspapers stated that the recent strike would tie up everything in the West and the effect of this in the striking miners was to make them feel that the rotation of the wheels of industry depended upon them, and consequently they became more independent than ever, for what the workman likes to think more than anything else is that he holds the key to the situation.

"The public can hardly complain, then, if the operators are forced to raise the price of coal on account of the increased wages which they will have to pay the miners."

BLOOD, PURE, RICH, RED.

Roxy glow in the face, sparkling eyes, vivacious spirits are all the outcome of good blood. No surer way exists of purifying and enriching the blood than to use Dr. Hamilton's Pills. By their gentle action on the bowels, kidneys and liver they filter every impurity from the system, leaving it wholesome and able to do the work necessary for the maintenance of health.

To be well, look well, and feel well at your best use Dr. Hamilton's Pills of Mandrake and Butternut, a truly wonderful medicine for young and old. Price 25c. at all dealers.

Mining Commission.

Alberta, May 30.—The Lethbridge mining commission began taking evidence yesterday morning. A number of miners stated their views, based on experience, plainly to the commissioners.

It was established that conditions in Galt are on the whole satisfactory, though ventilation and the system of paying men were criticized. There had been no fatal accident in these mines for four years.

The eight-hour day was strongly advocated as being conducive to more effective work and less liability to accidents.

When a boy turns his bulging pocket inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory-nuts, an apple, and many other articles are garnered by this "snapper up of uncon sidered trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out."

When the stomach breaks down under the careless eating and irregular meals it can be perfectly and permanently restored to health and to strength by the use of Doctor Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver troubles, kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Dr. Pierce's medicines are purely vegetable—no alcohol or habit-forming drugs enter into their composition.

Money talks, even with women, when they give it chance.

Quail on Toast is the best 5 cent cigar in the market—made by O'Brien Bros.

Lord Lake is the best 10c. cigar in the market—made by O'Brien Bros.

FRIBBLES OF FASHION.

Exquisite French Fans—Crochet Buttons on Pique Suits.
Exquisite little French fans of green, reddish brown, blue and other colored silks with an inserted band of cloth of gold are works of art. These dainty and artistic breeze makers are spanned with golden sequins in wreath and feather designs, and the sticks are of sandalwood.
Pique and duck coat and skirt suits are braided in fine soutache. An occasional inserting of a heavy lace, such as Irish crochet and crochet lace buttons, enriches some of the gowns.

As in gay colors there ever lurks the element of coquetry, how irresistible will be the maidens who carry those quaint conceits, the crotone or chins parols!

Where skirts are made plain the best materials to use are the glossy ones, as they carry a certain dressiness with them. The new and very brilliant silks and the new satins make up admirably into the plain skirted suits. The skirts must be rather full and must have an elegant sweep, without which all style is lost.

An auto bag of dark green leather is lined with silk and fitted with brushes and combs and mirrors.

The illustration shows a charming blouse for a young girl. In the cut it is checked blue and white silk trim med with blue velvet and a chemise of white lace. The way the bands of velvet are arranged is decidedly chic and novel.

JUDIC CHOLLET.

MODISH MATTERS.

Latest Automobile Hat—Smart Trimming For Gowns.

Automobile hats are now made with hair protectors attached. They are hoodlike arrangements, covering the back hair. They fit snugly and are fastened to the hat by buttons, hooks and eyes or are sewed to the rim of the cap. Leather, pongee, cravette silk and satin, all are used in the making of the newest garments for motor wear.

Tiny bows of color on yokes and vests of white lace or chiffon and narrow platings of silk on lace sleeves.

are very smart. For instance, a gown of gray and white printed chiffon has a surplice ice bodice folded over a cream chamois yoke and vest. At the top of the lace yoke is a narrow line of soft silvery green silk. Below the neck are three demure little bows of the same. At the elbow where the undersleeves of white mull emerge from those of chiffon and lace are narrow platings of the green silk.

Dainty summer frocks in batiste or muslin have finely gathered bodices and skirts, the uncommon touch being a box plait of satin ribbon down the center, decorated with tiny ruffled rosettes of ribbon in place of buttons. The neck is finished with the daintiest of small lawn and valenciennes collars.

Panama cloth is a favorite material for spring suits, and the model illustrated is of this cloth in smoked gray trimmed with braid. The little vest is of velvet overlaid with oriental embroidery, that gives a touch of color and brilliancy to the whole.

PALE AS A CORPSE

Dr. Williams' Pink Pills Brought Back the Ruddy Glow of Health.

Thousands of young growing girls have pale, pasty complexions, distressing headaches, backaches and sideaches. Sometimes they are unable to sleep; their nerves are unstrung; they are languid, breathless, and the heart palpitates violently at the least exertion—that's anaemia—and it may develop into consumption unless promptly attended to. Anaemia means bloodlessness. Dr. Williams' Pink Pills make pure, red blood—that's the secret of their success. Miss Winnie Allen, Montreal, Que., says:—"I was so weak and run down that my friends thought I was going into consumption. I was as pale as a corpse, had no appetite and did not sleep well. The least exertion tired me out and I walked a few blocks I was almost breathless. My sister advised me to take Dr. Williams' Pink Pills and after using them for a few weeks I am again enjoying good health and have a good color. I think every weak, sickly girl should take Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills make new, rich blood, and in this way strike right at the root of such troubles as anaemia, indigestion, rheumatism, St. Vitus' dance, the secret ills of girlhood and womanhood and a host of other every day troubles and cure them. But you must get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box—imitations never cure anyone and sometimes they do much harm. If your dealer does not keep the genuine Pills they will be sent at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Professor's Largest Export.

London, May 31.—Prof. Iversen at the United Free Church Assembly, discussing missionary effort, remarked dryly that the church's largest export to Canada was professors, adding that in the Dominion the ministers had to preach, not to read essays.

Woman Commits Suicide.

Madoc, May 31.—Mrs. Jane Reid of West Huntington committed suicide yesterday morning about 10 o'clock by taking carbolic acid. She had been found lately wandering about and it is supposed her mind was affected.

The Iceman's Troubles.—"My business," says John Gray, ice dealer, of Wingham, Ont., "is one of the most fertile fields under the sun for sowing the seeds for rheumatic suffering. For five years I was a great invalid; words cannot convey the faintest idea of my intense suffering and constant pain I endured. 6 bottles of South American Rheumatism Cure permanently cured me." 126 Sold by W. W. Turner, Chatham.

Tariff With Germany.

London, May 30.—(C. A. P.)—The Mail's Hamburg correspondent says: Herr Baldin, managing director of the Hamburg-American Line has informed him the company will establish a direct weekly goods and passenger service between Hamburg and Canada.

The correspondent says he learns from other quarters that well informed business circles look for a most favorable result from the German-Canadian tariff negotiations.

Pure as sunshine—not the faintest suggestion of anything but Salt—clean, delicate-tasting. That's WINDSOR SALT.

Killed by Train.

Hamilton, May 30.—W. G. Lemon, employed by G. W. Carey & Co., piano dealers, was struck by an express train at Hagersville yesterday morning, and instantly killed. He left his home at Crown Point yesterday morning on a business trip for his firm, and word of the accident was received shortly afterwards. He was 67 years of age.

Piles Cured At Home by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write to-day to Mrs. M. Summers, Box P. 4, Windsor, Ont.

Attacked by a Rat.

Hamilton, May 30.—Mrs. Carter and her infant, were attacked while sleeping by a rat last night. The baby's hand was badly torn, the rat woke Mrs. Carter by biting her thumb and fought viciously before it could be driven away.

Contentment is the faculty of keeping so happy that you never notice trouble when it comes around.

ALLIANCE DISAPPROVES.

Judge Morson's View of Sunday Selling Not Appreciated.

Berlin, May 31.—The 13th annual session of the Hamilton conference opened in New Trinity Methodist Church yesterday afternoon, over 300 ministerial and lay delegates being present. President R. J. Elliott of Waterloo, presided.

A civic welcome was extended by Mayor Bricker, who was accompanied by several aldermen, and the delegates were given the freedom of the town.

In speaking of the recent decision of Judge Morson in Toronto, Rev. T. Albert Moore, secretary of Ontario Lord's Day Alliance, pointed out that it only touches the City of Toronto and County of York, and does not affect any other portion of Canada, and he was confident that very few judges in the Dominion would coincide with Judge Morson in his opinion.

Was Not Beresford's Wife.

El Paso, Texas, May 31.—Flora Wolf, commonly called "Lady Flo," a negress, who set up a claim against the estate of Lord Delaval Beresford as his common-law wife, Wednesday accepted \$10,000, devised to her by the will of Lord Beresford, and an additional \$5,000, and waived all claims to the estate. She certified that she was never, either in law or in fact, the wife of Lord Beresford.

O. J. C. SPRING MEETING.

Toronto, May 31.—The results of yesterday's racing at Woodbine, were as follows:

First race—34 mile, 3 year old, \$400 added—1 Lord Bonaparte; 2 Temeraire; 3 Dog Rose. Time, 1:13 4-5.

Second race—6 furlongs, 2 year olds, selling, \$400 added—1 B. J. West; 2 Freecast; 3 Oscar T. Time, 1:01 2-5.

Third race—1 1-4 miles, 3 year olds, Stanley Produce Stake, \$1,500 added—1 Sea Wall; 2 Kirkfield; 3 Glimmer. Time, 2:09 4-5.

Fourth race—2 miles, Melgund Steeplechase, 4 year olds and upwards, \$500 added—1 Flet Time; 2 Richard J.; 3 Russell A. Time, 4:10.

Fifth race—3/4 mile, 3 year olds and up, Newmarket Handicap, \$500 added—1 Tongorder; 2 Charlie Eastman; 3 Deuce. Time, 1:12.

Sixth race—1 1-16 miles, 3 year olds and upwards, selling, \$400 added—1 Suzanne Roomora; 2 Schroeder's M.; 3 Timothy. Time, 1:48.

Seventh race—1-16 miles, 3 year olds and upwards, selling, \$400 added—1 Canopain; 2 Bon Mot; 3 Warning. Time, 1:47 4-5.

Eighth race—The winner of the sixth race was disqualified for swerving.

CARTER'S LITTLE LIVER PILLS

FOR HEADACHE, FOR DIZZINESS, FOR BRUISES, FOR CONSTIPATION, FOR SALLON SKIN, FOR THE COMPLEXION

CURE SICK HEADACHE.

Skilled Men Unobtainable.

Lethbridge, Man., May 31.—The operators submitted their case before the mining commission yesterday, the mines here and at Tabor being represented.

The general tenor of the evidence shows uncompromising opposition to a compensation act and uniform eight-hour day.

Operators declared they were unable to get skilled miners, and, as a result, were opposed to being held responsible for accidents which may be due to carelessness or ignorance.

Developments of Modern Science.

Modern science shows no higher development than the New Scale Williams Piano. Perfect in every detail, of the highest artistic musical excellence and finished in the most beautiful manner in costly polished woods. Few people are aware that the varnishing and polishing of a single piano case involves almost constant labor for a period covering nearly two months.

WIGLE, RUTHVEN & BRAGG, Barfoot Block, Fifth Street.

Refuse Them Passage.

St. Petersburg, May 31.—Instructions have been issued, through the Russian consulate in London, to the Russian steamship lines, to refuse passengers to the Social Democratic members of the Lower House of Parliament, who have been holding a congress at the British capital.

HOW DO YOU JUDGE A PIANO?

Musically inclined people naturally judge a piano by its tone—and that's why "Nordheimer" Pianos are found in the homes of so many musicians of note.

If you have an ear for tonal quality the remarkable beauty, sweetness, purity and volume, soothe "Nordheimer" will appeal to you.

We could explain at length the various mechanical contrivances which are incorporated in the "Nordheimer" piano to produce its unrivaled tone, but they would be understood by a mechanic only.

We much prefer you to judge this piano from what your own ear tells you about its tone—then you are sure to be satisfied.

Pleased to have you call at your earliest convenience and examine the "Nordheimer." The One Price System assures you a fair and square deal.

Our Mr. R. V. Carter will visit Chatham frequently in our interest and will be pleased to furnish you with any information you may desire. Correspondence addressed to him in care of the Garner House will receive careful attention.

NORDHEIMER Limited, LONDON

Minard's Liniment, Ltd., Limited, Tarmouth, N.S.

Gentlemen,—In January last, Francis Leclaire, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained of his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him, and he was freed from the pain, and with the use of three bottles he was completely cured.
