

No. 1. IS EASIER TO DO IT NOW

Pure Your Indigestion With Dodd's Dyspepsia Tablets And You Will Never Suffer as Jackson Johnson Did.

When you feel that slight discomfort after eating, that gas rising on the stomach or a little pain in the chest, did you ever stop to think that you were in the early stages of indigestion and what the consequences might be if you did not take care of your stomach?

If you didn't just listen for a moment to the story of Jackson Johnson, of Northam, Ont. It may make you think.

"I suffered from Dyspepsia for a long time and spent a large sum with doctors. Finally I was taken with Diarrhoea, which became chronic and continued about nine months. I continually grew weaker till I was confined to my bed.

"Then a person who was using Dodd's Dyspepsia Tablets persuaded me to try them. I began at once to improve and am now completely cured."

It is easier to cure your indigestion now than if you wait and suffer as Mr. Johnson did. Dodd's Dyspepsia Tablets will do it.

FOUND DEAD IN RUINS.

Parks of Tyrone Burned to Death in His Home.

Flesherton, March 29.—In a fire early yesterday morning, at Tyrone, a hamlet about four miles from this place, the residence of Allen Parks, was completely consumed and he was burned to death.

The charred body was found amidst the smoking ruins, but burned beyond recognition. Mr. Parks had been in the house in the evening and left for home at an early hour.

He was very well known in Flesherton, especially in musical circles, and was a member of Prince Arthur Masonic Lodge, A. F. & A. M. He was a bachelor and lived alone.

THE SOURCE OF NEURALGIA.

It runs hand in hand with poor blood and weak nerves. Health runs down, nerves get irritable, nervous torture follows. For the moment applications may relieve, but to thoroughly cure, the system must be strengthened with nutritious blood.

What can equal Ferrozone? It increases the appetite, forms abundance of rich, life-giving blood, supplies nutrient and building material for worn-out nerves. Ferrozone completely cures neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stomach suffering—Fifty cents buys Ferrozone. Fifty chocolate coated tablets in a box at any drug store.

Dead at 116.

Desoit, March 29.—Mary Ann Cross, 116 years old, according to her son, is reported to have documents showing that she was born in New Jersey in 1791, died here yesterday. Her husband, who is said to be 116 years old, is still living.

WHAT CAUSES APPENDICITIS.

The commonest cause of appendicitis is constipation. If you require physic don't use cheap drastic pills—get Dr. Hamilton's Pills, which strengthen the stomach, regulate bowels and prevent any tendency to appendicitis. In one day you'll feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, liver depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills, sold everywhere in 25c. boxes with yellow cover; get the genuine.

Ex-Auditor McDougall in Quebec.

Quebec, March 29.—J. L. McDougall, formerly Auditor-General of Canada, arrived in the city yesterday and will start work at once into the investigation of the finances of the City of Quebec, by auditing the books of the city treasurer.

Hangs Himself.

Niagara Falls, March 29.—George B. Whitehead, aged 48, who has for the past 20 years been depot master and ticket agent of the Erie Railway at the Falls, New York, hanged himself about 6 o'clock yesterday morning in his barn.

CHILLS PROVE FATAL.

Birth and circulation are not promptly restored, chills result in fatal pneumonia. This necessitates keeping Nerviline on hand. Taken in hot water it breaks up a chill in two minutes. By rubbing freely over throat and chest it prevents colds. No liniment so strong, so penetrating, so swift to kill pain and inflammation. Nearly fifty years' record has proved the value of Polson's Nerviline. You should get a bottle today.

The fellow who hasn't the money feels that he is a natural born spender.

Marion Bridge, C. B., May 30, '02.

I have handled MINARD'S LINIMENT during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of liniment I handle.

NEIL FARGUSON.

Ambition is the germ from which all the growth of nobleness proceeds.

High aims form high characters, and great objects bring out great minds.

Oldershaw

Minard's Liniment cures Distemper

GLASS OF THE ANCIENTS.

The Blowers of Thebes Were Experts Many Centuries Ago.

The glassblowers of ancient Thebes are known to have been as proficient in that particular art as is the most scientific craftsman of the same trade of the present day after a lapse of forty centuries of so called "progress." They are well acquainted with the art of staining glass and are known to have produced that commodity in great profusion and perfection. Rosellini gives an illustration of a piece of stained glass known to be 4,000 years old, both in tint and design. In this case the color is struck through the vitrified structure, and he mentions designs struck entirely in pieces from a half inch to three-quarters of an inch thick, the color being perfectly incorporated with the structure of the piece and exactly the same on both the obverse and reverse sides.

The priests of Ptah at Memphis were adepts in the glassmaker's art, and not only did they have factories for manufacturing the common crystal variety, but they had learned the vitrifying of the different colors and the imitation of precious stones to perfection. Their limitations of the amethyst and of the various other colored gems were so true to nature that even now, after they have lain in the desert sands from 2,000 to 4,000 years, it takes an expert to distinguish the genuine article from the spurious. It has been shown that, besides being experts in glassmaking and glass coloring, they used the diamond in cutting and engraving glass. In the British museum there is a beautiful piece of stained glass, with an engraved embossment of the monarch Thothmes III., who lived 3,400 years ago.

THE ATMOSPHERE.

First Attempt to Weigh It Was Made by Aristotle.

If we are to believe both legend and history, the first attempt to weigh air was that made by Aristotle, the great Greek philosopher of the fifth century. He first weighed an empty rooster's bag and then inflated it and again put it in the balances, and because he found no difference in weight under the two conditions announced to the world that air was a substance wholly without weight.

With modern laboratory apparatus most any high school scholar can demonstrate the fact that a flask of ten cubic inches capacity weighs fully three grains more when filled with air than it does after being placed under the exhaust of an air pump. The numerous experiments that have been made on the weight of air warrant the scientists in announcing that the weight of the whole terrestrial atmosphere is about equal to that of a solid copper ball sixty-two miles in diameter. The philosophers have also shown that the weight of the atmosphere must be limited to where gravity overcomes the centrifugal force. If it were of equal density throughout its height above the earth, it could not extend a greater altitude than 27,818 feet, which would leave about 1,200 feet of Mount Everest sticking out above the atmosphere. It is a well known fact, however, that air loses its weight and density as we ascend from the sea level, and calculations which have been made on that basis go to show that there may be a stratum of very thin air at a height of 21,000 miles.

The Use of Quinine.

People who suffer with the liver and who get run down in nerve strength sometimes complain that quinine does them no good, says a physician. The reason is this: When quinine passes into the intestine it is acted on by the bile and forms with it a salt that is no doubt in a great excess of bile, so it passes out of the system without entering the blood at all. To prevent this bilious persons ought to clear out the bile by a good liver pill or a saline purgative before the quinine is taken. Even when the liver is not affected it is always best to take such medicines before using quinine.

The Earth and Man Compared.

If it were possible for a man to construct a globe 800 feet in height—much less than the height of the Washington monument—and to place upon any portion of its surface an atom one four thousand three hundred and eighty of an inch in diameter and one hundred and twentieth of an inch in height, it would correctly denote the proportions man bears to the gigantic globe upon which he stands.

A Kissing Duel.

At some amateur theatricals in Victoria two people in the stalls, who were the heroine was kissed, kissed each other loudly and with ostentation. It turned out that the man in the audience was the husband of the heroine, who was disappointed of her theatrical tastes and, with the help of an amiable friend, took this way of reviving them.—Sydney (Australia) Bulletin.

An Accomplishment to Be Revived.

Tommy Hardup—Can you whistle, Mr. Wigwag? Wigwag—No, my boy. My whistling days are over. Tommy—Then you'd better learn again. Wigwag—Why? Tommy—Cause I heard pop say he owed you some money and you'd have to whistle for it.

Fixed For Life.

"I can't understand how that young lawyer lives. I've never heard of him having a client."

"You haven't? Why, he is one of the people who helped to break old Bigglesworth's will. He doesn't need clients."

Many a tongue shakes out its master's undoing.—Shakespeare.

JAP Famine MORE SERIOUS.

In Northern Provinces Distress of the People is Very Great.

London, March 28.—The Japanese embassy Saturday gave out an official statement, declaring the famine in Japan to be of a much more serious character than was at first believed to be the case. It is stated that the utmost anxiety has been created among the Government classes, who are appealed to to afford relief to the sufferers. The statement in part, is as follows:

"The famine in the northeastern provinces is of a much more serious nature than thought at first. The distress of the people is extremely great. The Government is taking all possible means to alleviate their sufferings, and coming from sympathizers in all countries. As regards the means of relief they intend to take such measures as to give employment to the distressed people which may eventually enable them to become independent. The Government hopes that the methods of using the donations may be left to their discretion."

CHAMPION LINIMENT FOR RHEUMATISM.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my left shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continual use for a short time will produce a permanent cure. For sale by all druggists.

After the Doctor.

They were talking about after dinner speeches.

"The cleverest I ever heard of," said Charles Hands of The London Daily Mail, who came to report the White House wedding for his paper, "was in a speech made by James O'Mahony, an Irishman, who was barrister, but who came to London to go into newspaper work. He went back to Dublin after a time. His Dublin friends welcomed him with a dinner. One of the guests at the dinner was a doctor whom O'Mahony hated. The doctor made a speech at the dinner, and O'Mahony was called upon immediately thereafter. 'It is very disagreeable,' he said, 'to follow the doctor so closely. It makes me feel like the undertaker.'—Chicago Inter Ocean."

A RIGHT WAY AND A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time is applied to them. Practically there are but two ways to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with rheumatism and twinges, others with cricks and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard to get rid of. Some people rub the back with liniment, others cover it with plaster, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're made for the time plainly to the kidneys. When the kidneys fail in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning go it brings you nearer to urinary disorders, Diabetes, Bright's Disease, etc.

Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from backache. Mr. Fred Gray, Good Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

For Immediate Use.

Little Girl—I want to get a mitten, please, an' charge it to me mother. Shopkeeper—A mitten? You mean a pair of mittens, silly. Little Girl—No; jest only one; one that's suitable for a boy that's gone to propose an' be rejected.

A SAFE COUGH MEDICINE FOR CHILDREN.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

Our passions were not given us to be destroyed, but to be controlled.

DISTRICT THAMESVILLE

Mar. 29.—Miss Violet Albertson left today for Stratford, where she has a lucrative position.

Rev. Mr. Hodgins returned to the Maple City today.

The Misses Hilkey are spending the week end at their home here.

A most impressive Lenten service was conducted in the Church of the Advent last night by Rev. Mr. Hodgins. A large number attended.

Young Men's Debating Society met last night.

Mrs. Decow and daughter, Kate, of Chatham, are spending some time in town.

Rev. Mr. McInnis conducted a special service for Bible study in St. James Church last night.

Mrs. Schwartz has recovered from a serious illness.

The Presbyterian Church in Botany is preparing to have a Handkerchief Bazaar.

The P.T. is flooded this morning.

Mr. Vines has resigned his position as caretaker of the school.

Oscar Gage, from Ridgeway, spent yesterday in town.

ZONE CENTRE.

A great many of the farmers here are making maple syrup. It has been very poor so far, but there is time for improvement.

Mr. and Mrs. R. Wright, of Kingsville, who have been visiting relatives here for the past two weeks, left on Wednesday.

Miss May Bourne was the guest of relatives in London last week.

Mr. J. W. VanHorn spent Monday last with friends near Chatham.

We learn that Mr. Wallace Good-year has traded his farm for one near Stratford. He intends moving very shortly.

Ross Lidster returned home Wednesday, after spending a few weeks with friends in London.

Mr. James Tinney, of Euphemia, was the guest of his mother on Monday.

We are pleased to learn that Mrs. Joshua Lidster is much improved in health.

SANDISON.

We are having quite a flurry of snow and the roads are impassable. The farmers of this vicinity are afraid the wheat will be injured.

O. Goulet is home on a visit. The reeve of Raleigh has resigned and is going to live in town.

Mr. Graham is improving slowly after a severe cut from a saw.

There have been quite a few gum parties and taffy pulls on the Middle Road this last week.

Mr. Goulet has started a Children's Aid Society.

The cattle buyers of the Middle Road have started out again and are picking them up fast.

Mr. Bump lost a valuable cow by its legs being frozen.

John O'Phee is very sick.

Dr. Lazert is home again and is kept very busy.

Alex. Pardo intends having a large garden this summer. He is preparing the ground now for the seed.

Ott Boyce has started a dancing school at his home on the 13th.

GLENWOOD.

Mrs. A. W. Gilbert and son Douglas are spending the week with friends in Wheatley.

Miss Violet Chester returned home Saturday, after an extended visit with relatives at Kent Bridge.

Mr. and Mrs. H. Lloyd gave an oyster supper to about 30 of their neighbors on Thursday evening. All enjoyed themselves and agreed that Mr. and Mrs. Lloyd are ideal host and hostess.

Mrs. John Brown, of Wheatley, is visiting her sister, Mrs. William Vipond.

Mrs. A. W. Gilbert pleasantly entertained her S. E. class and a number of the other young people in the neighborhood on Friday evening.

Mr. J. P. Postwick lost a valuable horse on Saturday.

Miss May Foxton left on Monday for a visit with friends in Dutton.

Mr. and Mrs. Uich, of Stewart, spent Sunday at G. T. Hardie's.

CEDAR SPRINGS.

Joseph Rigley, Jr., left for Toronto, where he has accepted a position.

Miss Susie Nagle has returned to Detroit, after spending a couple of weeks with her sister, Mrs. Alex. McPherson. We hear she is putting out a fine peach orchard on her farm at the lake.

Mr. and Mrs. James Claus spent Sunday in Blenheim visiting relatives.

S. A. McDowell, purchasing agent for the P. M. line of boats, has returned to Conneaut, Ohio, after spending two months at his home here.

CHARING CROSS.

The recent fall of snow is a great protection to the wheat.

The Rev. Mr. Kennedy, of Cedar Springs, conducted services on the Charing Cross circuit on Sunday last.

Mr. and Mrs. George Brown spent Sunday in Chatham.

The Methodist Church Board have decided to renovate the church. The work will be begun as early as possible this spring.

BIG POINT.

Miss N. Cheff is visiting friends at Dover South.

Miss Blanche Cheff has returned from visiting friends in Chatham.

Mrs. V. Carter is on the sick list. Mrs. Crowder died last week, after an illness extending over two weeks.

Dredging operations will soon be commenced.

Gin Pills Cure Kidney Troubles.

OR YOUR MONEY BACK.

Read this letter from Mrs. Gargill. Has it not the ring of truth? Does it not describe your own sufferings? And does it not point the way to quick relief?

"For three years I suffered more than I can tell with terrible pains in the small of my back. When I stooped over, it seemed as though I would never be able to straighten up. I tried Kidney Pills for a year and a half, but was getting worse all the time, until advised by my neighbor to try 'Gin Pills,' as she had been almost similarly affected, and had been completely cured by them. I took three boxes of Gin Pills, and almost from the first dose I began to feel better. Now I am pleased to say I can do as good a day's work as ever in my life without feeling tired out. Before getting Gin Pills I had to have a girl to do my housework, but now I can do it all myself, including the washing. I will always recommend Gin Pills for kidney trouble."

"Mrs. GARGILL, Winnipeg, Man."

Don't suffer the agonizing tortures of Kidney Trouble. Don't let it run into dreaded Bright's Disease. Cure yourself now with Gin Pills—the pills that cure. Sold at all druggists on a positive guarantee that they cure or you get your money back. See box—6 for \$2.50.

If you will write asking for it and tell us the paper in which you saw this we will send you a trial box of Gin Pills absolutely free. The Bole Drug Co., Winnipeg.

Prepared.

Johnny—Come in, Sister's expectin' you. Mr. Stopleat—How do you know? Johnny—She's been sleepin' all day—Exchange.

Beauty is part of the finished language which goodness speaks.—Ellot.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

The Result.

"Women are naturally more artistic than men."

"Yes," answered the matter of fact person; "but why so many of us look funny when we wear our Christmas neckties and smoking jackets. Our wives want us to look artistic."

When a boy turns his bulging pockets inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory-nuts, an apple, and many more articles are gathered by this "snapper up of uncon sidered trifles." We think the collection must be hard on a boy's pockets. And it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach gives out? When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Dr. Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver "troubles," kidney disorders, skin eruptions and other symptoms of diseased stomach are quickly cured. Whenever the use of a laxative medicine is indicated, use Dr. Pierce's Pleasant Pellets. They act in harmony with the "Discovery" and assist its action by purging the bowels of foul accumulations.

The wages of sin come without suing for back pay.

It is love that writes all true poems, paints all real pictures, sings all good songs.

SETTLERS' LOW RATES WEST.

The Chicago and North Western Railway will sell low one way second class settlers' tickets, daily from Feb. 15th to April 7th, 1906, to points in Colorado, Utah, Montana, Nevada, Idaho, Washington, California and British Columbia.
