

REAL CURIOSITY is shown at this time of the year about new fruits, and we are just as anxious to satisfy it. New cooking raisins are in now, and are very nice. New peels are also in, and are rather better than usual. New figs, new table raisins, and new currants are expected in sometime next week.

In a very short time we shall have a complete line of NEW FRUITS, and they will be the very best. When you think of fruits—good fruits—think of Malcolmson's.
