

TRADE BETWEEN CANADA AND THE WEST INDIES

A booklet on "THE BRITISH WEST INDIES and BRITISH GUIANA" just issued by the Bank of Montreal, is a most timely publication in view of the new trade agreement between Canada and the West Indies now awaiting the ratification of the respective governments. The booklet gives a concrete and interesting description of the salient features of the various colonies which are party to the agreement, including the physical characteristics, area, population and principal exports and imports. It shows that are most PROMISING MARKETS awaiting development by enterprising Canadian merchants and industrial firms.

At the present time, it is stated, the British West Indies, British Guiana and British Honduras have a total population of over 2,000,000, with natural resources that have really only just begun to be developed. For instance, it is officially estimated that there are at least 20,000,000 acres of fertile land in the British West Indies not yet beneficially occupied, whereas the area under cultivation is only one and a half million acres.

The opinion is expressed that under the system of preferences granted by Canada and the United Kingdom, and with the growing world-demand for such commodities as the West Indies produce, the development of these colonies will proceed apace. There is every prospect of considerable and progressive increase of the population. If all the fertile land there were brought under cultivation the colonies which are in the new agreement could easily support a population of between 30,000,000 and 50,000,000. Even at the present time the interchange of natural products between Canada and the British West Indies is only a tithe of what it well might be, and probably will be, with the larger preference now advocated and the much-improved steamship services provided for.

The booklet gives Canadians an excellent idea of the directions in which trade may be extended. It is replete with details and authoritative information of the imports and exports of the various colonies, and gives most useful information as to the best methods to be pursued in getting into touch with the local business houses and building up trade relations.

The fact that the BANK OF MONTREAL is now DIRECTLY REPRESENTED in the BRITISH WEST INDIES, through its alliance with the COLONIAL BANK, places this institution in an advantageous and authoritative position for assisting Canadian firms in their trade relations with the various Colonies.

The booklet has a map showing the relative positions of Canada and the Colonies which are parties to the agreement. Copies may be obtained free from any branch of the Bank of Montreal.

A MEAN ADVANTAGE

"Do people ever take advantage of the invitation to use this church for meditation and prayer?" a city verger was once asked.

"Yes," he replied, "I caught two of 'em at it the other day."

When Baby is Sick

When the baby is sick—when he is cross and peevish, cries a great deal and is a constant worry to the mother—he needs Baby's Own Tablets. The Tablets are an ideal medicine for little ones. They are a gentle but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation and indigestion, break up colds and simple fevers and make teething easy. Concerning them Mrs. Philippe Payne, St. Flavien, Que., writes: "Baby's Own Tablets have been a wonderful help to me in the case of my baby and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In western Samoa, motor vehicles were a curiosity seven years ago. Today there are 49 passenger cars, 19 motor trucks and six motor cycles.

Canada's revenue for August was over \$6,000,000 larger than August of last year.

The British Government has presented Canada with airplanes valued at \$6,000,000; and on August 1 training commenced extensively at Camp Borden, north of Toronto.

WHAT IS HE?

"Last year I asked my best girl to become my wife, and she said, 'No!' But I got even with her—I married her mother. Then my father married the girl. Now I don't know what I am."

When I married the girl's mother the girl became my daughter, and when my father married my daughter, she was my mother. Who the dickens am I? My mother's mother (which is my wife) must be my grandmother, and I being my grandmother's husband, I am my own grandfather."

In German automobile factories, junior engineers, with full academic and practical training, are paid as little as \$17.50 a month. Clerical workers receive still less.

From an English paper: The Rev. E. Thompson will preach his farewell sermon on Sunday next. The choir will render an anthem of joy and thanksgiving specially composed for the occasion.

Many New York women pay more than \$10,000 a year for shoes alone, according to a woman who conducts a shoe shop in Upper Fifth Avenue and caters to the well-to-do.

There are now 250 agricultural societies in the province with a total membership of 10,116. The Nova Scotia Fruit Growers, one of the oldest associations, has been established more than 54 years.

Defending the prevailing scantiness of apparel says a woman writer. "I cannot see how the wife of a clergyman can be offended by a shapely arm, ankle or neck. Right! Question is where do the ankle and neck stop?"

SAVE MONEY!
AND
BUY YOUR MILK AND CREAM
THE NEW WAY.

Commencing October 1st we will deliver Milk and Cream on the ticket basis. This system is used in many of the large up to date dairies and is giving excellent satisfaction. The customer buys a strip of tickets at the door from the milk-man, and each morning deposit a ticket in the empty bottle to pay for the milk that morning. All tickets will be redeemed for cash in case the customer goes away before using them. This method does away with any book-keeping and allows us to give the customer a substantial discount. This discount will be announced later as the tickets have not yet been printed.
