

RED ROSE TEA "is good tea"

The ORANGE PEKOE QUALITY makes
finer tea and more of it

LOWER BRIGHTON

Mr. and Mrs. James Hayward and son Harry and daughter Foster visited in Hillview Sunday.

Very happy was the occasion on Sept. 4 when the Birmingham clan celebrated their annual picnic at the residence of Miss Birmingham. Con-ell. While the day was all that could be desired at high noon over fifty of the relatives sat down to a bounteous repast. After partaking of all the good things the inner man could desire the company retired to the parlors where several vocal solos were rendered. A number worth mentioning was a duet by Mr. and Mrs. Lorne Britton. Letters from Mrs. William O. Connor and Mrs. Laura Vaughn of Philadelphia were read regretting not being able to attend the usual function. The honored guests present were Mrs. A. T. Baker of Vancouver and her mother, Mrs. James F. Sutton. Mrs. Baker furnished the instrumental part of the concluding number, "God Be With You Till We Meet Again." The entire audience contributed of their several ability, while Messrs. Wallie Birmingham and Charlie Clark excelled with their baritone and tenor respectively. The crowd dispersed in anticipation of meeting again next year August 20 at the residence of W. W. Birmingham. "Hillview."

Mrs. A. F. Baker and mother were guests of Mrs. W. W. Birmingham from Wednesday until Saturday.

DR. SIMMS

(Edmundston Observer)

Dr. Freeman Curtis Simms who has been located in the suite of rooms formerly occupied by the Hon. J. E. M. band is making many friends here.

The doctor is a recent graduate from the Dental College of the University of Toronto and comes here with strong recommendations. He is a Hartland boy although for the past ten years he has been away from home. In looking through the Year Book of Toronto University we found a number of interesting items about Dr. Simms. He was born in Hartland in 1875, attended the Provincial Normal School at Fredericton in 1914 to 1915. He was overseas for two years, winning the Military Medal. Attended Acadia University after his return from the great war. Entered the Royal Dental College in 1920. Whilst in Toronto University he was active in athletic and student activities.

We are glad to welcome Dr. Simms to Edmundston and the Observer takes this opportunity of wishing him every success.

GRAND FALLS

Mrs. H. E. Wiley and Miss Marjorie Wiley went to Sackville Monday where Miss Marjorie will attend Mount Allison Ladies' College.

Dr. and Mrs. Kirkpatrick and Mr. Ralph Kirkpatrick and Miss Grace Kirkpatrick returned home Sunday from a very pleasant visit in Portland, Me., Boston, Old Orchard and Newton, Mass.

Walter Hatch is able to be out again after quite a sick spell.

Thos. McCann and Bruce Burgess went to Chatham Monday to school.

Mr. Lefaney went to Bathurst Monday where he will attend college.

Peter Doucet went to Deerdale Monday on business.

Mrs. Whitlock made a business trip to Woodstock last week.

Mr. and Mrs. Joseph Tuck and child of Boston were guests of Mr. and Mrs. Walter Hatch Tuesday.

Miss Roberta Glenn is home from a pleasant visit in Woodstock.

Mrs. E. M. Hanson and daughter of St. Stephen were guests of Mrs. C. C. White last week.

Master Hermon McMillan returned to Sackville Monday where he will attend Mount Allison Academy and also study violin at the Conservatory of Music.

Dr. and Mrs. Marshall of Bangor were guests of Mr. and Mrs. Henry Price Thursday and Friday.

Miss Vella Murray left Tuesday for Greenville, Me., where she will train for nurse.

Miss Margaret Taylor of Houlton is spending her vacation with her parents here.

Miss Margaret Estabrooks of Houlton was at the Curless Thursday and Friday.

Mrs. Fred Harriman and children of Bangor who have been visiting relatives here the past month, returned home Saturday.

Mr. and Mrs. Harry Graham who have been visiting Mrs. C. C. White and Mr. and Mrs. W. H. Graham here, returned to their home in Boston this week.

Mrs. Jondry of Campbellton was calling on friends here this week.

Mrs. C. J. McCluskey is home from a motor trip to Boston and New York.

Mr. and Mrs. R. R. Kerton returned Thursday from a two weeks motor trip through Maine and Massachusetts. They also visited New York and Montreal.

Mrs. J. Stewart of Blackville is visiting Mrs. C. J. McCluskey.

Mrs. J. L. White and daughter, Miss Marion, went to Rothesay Friday, where Marion will attend school this year.

Miss Grace Kirkpatrick went to

Sackville Monday where she will attend Mount Allison Ladies' College.

Mr. George Patten of Limestone was a guest of Ralph Kirkpatrick Sunday.

Mr. and Mrs. Fred Hennigar and son Emmerson of Green River were in town Sunday.

Gerald Olmstead was in Fort Fairfield Saturday.

Allen Merritt of New York who has been spending his vacation with his parents here, returned to New York Saturday.

Miss Helen Kelly and Mrs. A. Burgess were visitors in Fort Fairfield Saturday.

Miss Gertrude Datzell who spent the summer with her cousin, Mrs. Andrews here, returned to her home in Boston Saturday.

Miss Margaret Taylor was visiting Mrs. Hooper at Salmon River on Friday.

Mrs. L. Chapman entertained at a tea Friday night.

The young folk enjoyed a chicken supper at Puddington's Camp Tuesday night.

QUESTIONS AND ANSWERS ON FORESTRY

Q. How does the summer of 1924 compare with previous years for forest fire losses in Canada?

A. Most favorably. The national timber loss this year has been extraordinarily small, although some sections suffered badly in the earlier months. Credit is due to the moist weather, increased vigilance by the forest services and greater care by the general public.

Q. Is it better to set a tree plantation in the Spring or in the Fall?

A. Spring is the better season. The Ontario Forestry Branch says: "Fall planting is sometimes done between the middle of August and the middle of September, but will only be successful when the soil is moist well below the root systems of the young trees." Trees planted in the Fall are frequently injured by heaving and where there is no snow, suffer considerably from exposure. On low or very wet fields planting may be done only in the autumn."

Q. Are our Canadian lumbermen doing enough reforestation to assure a future timber supply?

A. Hundreds are asking the question, but it is the wrong question. The future of the forests depend chiefly on fire prevention and that is primarily the job of eight million Canadian citizens who cause fires. Dr. Clifton D. Howe, one of the sanest Canadian authorities on forestry, never fails to tell his audiences that Canada's biggest job is not to plant baby trees, but to guard from devastation the fifty million acres of young forests now growing. It is that fifty million acres that Canada will have to depend upon for the future timber supply.

An old colored woman called on the Governor of a Southern State. "Marse Goveneh," she said. "I want my Sam pardoned," she said. "Where is he?" "In de penitentiary." "What for?" "Stealin' a ham." "Did he steal it?" "Yes, sah, he suah did." "Is he a good nigger, antie?" "Lawdy, no sah! He's a pow'ful worthless nigger." "Then why do you want him pardoned?" "Cause, you Honor, we're plumb out of ham ag'in."

ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment in "Fruit-a-tives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P.Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak. The doctor said he could do nothing for me."

In the spring of 1920, I started taking "Fruit-a-tives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-tives" tablet every night.

25c and 50c, a box—at all dealers or sent—postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Here and There

A rich strike of silver lead ore has been made on Galena Hill, Yukon Territory. One vein is eighteen feet in width and shows 70 per cent lead with 30 to 50 ounces of silver. Several big mining interests are reported as active in this area.

The manufacture of wooden boxes is an important industry in British Columbia. There are 25 box-making plants in the province, representing a capital of between \$3,000,000 and \$4,000,000, about 1,200 employees and an annual payroll of not less than \$1,250,000.

So popular has the bungalow camp system established by the Canadian Pacific Railway become that it will be necessary to extend it greatly. This statement was made recently by C. B. Foster, Passenger Traffic Manager, after a visit to the hotels and camps in the Rockies.

That the farmers of Western Canada are now giving increasing attention to the improvement of their home surroundings is shown by the fact that they have not only planted 5,250,000 trees distributed by two government forestry stations this year but have also purchased large quantities from private nurseries.

Summer fishing commenced on Lesser Slave Lake on July 28th and will close September 30th. Operators have been limited to a catch of 1,500,000 pounds of whitefish but no limit has been placed on pickerel and jack fish, as the market for these varieties is restricted. Four fish companies are operating this summer and will ship to Chicago via Dominion Express.

Imports of Canadian produce and manufacture into Australia received during the year ended June 30th, 1924, amounted in value to \$5,044,253, an expansion of \$1,899,803 over the previous year. It is the largest volume of trade yet recorded between Canada and Australia. The greatest increase was in motor chassis though a good volume of trade was also done in rubber goods, boots and shoes.

What is claimed to be a world's record for relaying rails was established by a crew of men on the Canadian Pacific Railway, in the New Brunswick district recently. In two days the 220 met. in the gang tore up 29.7 miles of old 85-lb. rails and replaced them with new. All available data states that the former Canadian record was 11.7 miles, which exceeds that established in the United States.

The "Empress of Scotland," one of the Canadian Pacific Railway's finest liners, docked at Quebec on August 8th with a passenger list crowded with important names. Among them were Lord Beaverbrook, the Canadian financier, Edward W. Bok, editor of the Ladies' Home Journal, whose offer of a fifty thousand dollar prize for the best plan tending to maintain world peace created so much interest recently, and E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway. Mr. Beatty had just concluded a most successful tour of Europe with the object of attracting capital and immigrants to Canada. He spoke with great enthusiasm of the prospects of obtaining both and especially anticipated an influx of fine new Canadians from Denmark.

A man who owned a business took out a fire insurance policy. The same day fire broke out which destroyed the building and its contents. The insurance company tried in vain to find sufficient grounds to refuse payment, and was obliged to content itself with the following letter ap-

ended to the cheque:

"Dear Sir.—We note that your policy was issued at ten o'clock on Thursday morning and that the fire did not occur until three-thirty. Can you explain this delay?"

During the prosecution of a publican for selling whiskey on Sunday, the policeman who had made the capture was in court, and the bottle, with capsule broken, was at the judge's side. After hearing the evidence, the jury retired, but came back into court. "My lord," said the foreman, "the jury are quite satisfied as to the sale of the bottle, but they are not quite sure of its contents. May they have the bottle to satisfy themselves?" "Certainly," said the judge. After a short time the jury returned into court. "Well, gentlemen," said the judge, "have you come to a decision in this case?" "There is no case, my lord," said the foreman. "There wasn't enough evidence to go round."

"Were the soldiers returning from France happy?"

"Happy! Why, man, they were in transports."

Youthful Lover (at parting)—Will you really miss me now that I am going away?

Her Father (appearing with shotgun)—I won't if you don't start in a hurry.

Customer—You have placed all the large berries on top.

Fruit Pedler—Yes, lady. That saves you the trouble of hunting through the box for them.

"Can you define capital and labor?"

"Well—how should you do it?"

"I lent you five dollars. That is capital. I have tried to get them back—that is labor."

Minister—Do you take this woman for better or for worse?

Nervous Negro—Pahson, dis am mah fust wife. Ah don' prezakly know how to take her.

The speaker was getting tired of being interrupted. "We seem to have a great number of fools here tonight," he said; "wouldn't it be advisable to hear one at a time?"

"Yes," said a voice, "get on with your speech, then."

The tourist in Scotland met a tall comely young woman, who walked barefooted. Surprised, the traveller stopped and inquired: "Do all the people about here go barefoot?"

"Some of them do," she said, "and the rest mind their own business."

"Well, Bloom," a physician asked a young colleague who was just starting in "how's your practice?"

"In the mornings, practically no one comes," was the reply, "and in the afternoons the rush falls off a bit."

How to Prevent Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Seigel's Curative Syrup, has no dope or strong ingredients; it chases away indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine.

HORSES FOR SALE

Three young horses will be sold at a bargain. Reason for selling, going away.
