Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while consumption, so prevalent among the young of our country, and be thereted by general adoption. They entirely supersete over shoes, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy.

To Children they are extremely valuable, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides those who patronise them will find their gearly doctor's bill much diminished thereby. As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached the almost incredible number of 1,732,450 pairs of cork soles. This year the number will far surpass that.

The Infallible Remedy!

HOLLOWAY'S PILLS.

ERYSIPELAS OF EIGHT YEARS' DURATION

CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in hearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pilla. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all ever my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around,—so severe was the attack. I used several repared remedies without deriving the least ceasation to my misery. At last, I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I fee considerably better;—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully, (Signed) GEO. SINCLAIR.

ULCERS IN THE LEG,-REMARKABLE CURE.

ULCERS IN THE LEG,—REMARKABLE CURP.

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir.—My sister, Miss Jano Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply scated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, she had recourse to your Ointment and Pills, and after using them for about five weeks she was completely cared, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant.

(Sigued) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!

Copy of a Letter from Mr. Henry Malden, of

Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway.

Sir,—My wife suffered most severely after the
birth of our last child with a bad breast. There
were several holes in it one as large as a hand; all
the devices and stratagense I tried would not beal
them, but it assumed an aspect more frightful than
before, and herrible to beheld. As a last resource I
tried your Ointment and Pills, which she persevered
with for seven weeks, at the expiration of that time
her breast was almost well; by continuing with your
remedies for two more weeks, she was entirely
cured, and we offer you our united thanks for the
cure effected.
