Holy Name Society.

The monthly meeting of the Holy Name Society was held yesterday afternoon in their rooms, fifteen new members being added to the roll. Preceding the meeting Benediction of the Blessed Sacrament was imparted by Rev. Dr. O'Callaghan, who was elected Spiritual Director, replacing Rev. Father Sheehan, who has gone to Renova. Fr. O'Callaghan delivered a very eloquent sermon on the respect which is due and the veneration which should be observed for the Holy Name of the Redeemer. There are now over 400 members on the roll, and he hoped soon to see the day when as many thousands would be members of the Society. A new billiard table will shortly be installed in the rooms.

**That Sensation on
The Lake Simcoe.**

No further particulars have been received concerning the alleged murder reported to have been committed on board the Lake Simcoe in which seaman Sears is the victim and seaman Duke the slayer. Friends of both are anxious about the affair but are in a quandary as to whether they can believe the story. It seems that little authentic is yet known, although it is true that the owners of the vessel did receive a cable from the captain acquainting them that the sensational happening did take place on board, but would not give it out for publication. All they did say was that the man had died on the passage, but nothing further.

Daughters of Empire.

The Daughters of Empire held their annual meeting Saturday afternoon. The election of officers resulted thus: President, Mrs. A. Macpherson; 1st Vice-Pres., Mrs. K. R. Prowse; 2nd Vice-Pres., Mrs. V. P. Burke; Secretary, Miss Margaret Furlong; Treasurer, Mrs. H. Rendell; Camp Secy., Miss A. Hayward. The Treasurer's report showed a balance on hand of \$200. The Camp Secretaries report was read and proved to be interesting. Eight patients were treated the past summer, all showing good progress. The four patients sent by the A. P. C. are improving despite the unfavorable weather. Votes of thanks were passed the retiring officers, Miss Hubeley, the Nurse Superintendent; and to the visiting physicians, Drs. Rendell and Scully; also to Miss Annie Hayward, for the carrying on of the camp. At the suggestion of Dr. Grenfell, a committee was appointed to conduct the girls department. So far nothing has been arranged until the Mission Station is appointed. The results obtained in the camp were satisfactory. The camp will probably continue up to the Christmas season, as the funds are forthcoming to keep it going. This date last year the camp closed down. A most interesting address was delivered by Dr. Rendell who has just returned from a trip abroad. He had been particularly impressed with the work of the ladies of the charity organization association in the Old Country, explained its aims and objects and thought that the D. of E. should form a sub-committee to perform similar work in the tuberculosis movement. He thought that in connection with the charitable work of the various churches the sub-committee could be organized with a member from each and when a case of consumption was reported from any denomination the aid of the charitable societies could be enlisted for the family of the stricken person. He hoped the ladies would continue their good work. By attending to the homes of sufferers from consumption they could prevent the disease from attacking mothers and children by inculcating cleanliness and isolation of the sufferer. Next year when the sanatorium was in operation the camps will be put at the disposal of delicate mothers and children. With a hearty vote of thanks to the speaker the meeting closed.

Hospital Changes

Several changes in the General Hospital staff have been arranged and will come into effect shortly. They are as follows:—Miss Bowden to be Assistant Superintendent of Nursing Staff. Miss Cullinan to be X-Ray operator and Anesthetist. Miss Powell to be Matron, taking the post hitherto held by Miss Hannaford. Miss Redmond to be Night Superintendent. Miss Cashin to be Matron of the New Nurses' Home. Miss Southcott, who was indisposed, has resumed duty.

Injuries Prove Fatal.

Saturday Hon. R. Watson, Colonial Secretary, had a message from the proprietor at Northern Bight, saying that Wm. Peddie of Little Heart's Ease, who met an accident by falling among the machinery in a saw mill there, had died from his injuries. He was taken across the Bay to Heart's Content after the accident and Dr. Anderson did all possible for him, but to no purpose. The man had been fatally hurt. Much sympathy is expressed for the poor fellow's relatives.

Theory as to Wreck.

The theory which many fishermen hold as to how the schr. George May was lost, is that she tried to make the light at Baccalieu in order to run up into Trinity Bay, and that in getting abreast of the Island her spars were carried out of her in the storm and she was then helpless and swept to her doom on the Island. It is possible that the crew took to their boats but that she was quickly swamped in the high sea running.

AN APOLOGY.

Given by Mrs. Farrel, Operator, of Ferryland.

I hereby apologise to Mrs. Josie Furlong, of Ferryland, for anything which I may have said that in any way reflected upon her character, and in particular concerning her conduct whilst she was in the employ of Mr. John Windsor. There is not the slightest foundation in fact for any such slanders, and I know absolutely nothing that in the least degree would warrant me making the charges complained of. I regret having caused any annoyance to Mrs. Furlong or the members of her family.

W. FARRELL,
Ferryland, Sept. 26th, 1912.—ad.11

Nomination of Officers.

The Star of the Sea Association held nomination of officers yesterday as follows:—Pres., E. M. Jackman; Vice-Pres., J. T. Martin; 1st Asst. V. P., John Holden; 2nd Asst. V. P., John J. Lacey; Treas., J. I. Vinnicombe; Asst. Treas., James Kelly; 1st Inst. Trustee, John Byrne; 2nd Inst. Trustee, John Murphy; Grand Marshal, R. Buckley; Secretary, W. F. Graham. The election will be held on Sunday next.
