NOTICE!

It has been called to our attention that certain retail dealers in town are substituting Kipperd Herring of an inferior kind for our goods. Some of those dealers even go so far as to place inferior kippers in boxes bearing our brands so as to deceive their purchasers.

Our Kippers can be known by the fact that the head and tail is left on and they are a light bronze color. In addition to our stock consisting of large, fat, Placentia Bay herring, they are processed and sent daily from our smoke ovens at Bay Bulls, so we guarantee the quality. If a dealer finds an imperfect box in his purchase we ask him to return it and get a perfect one.

PUBLIC NOTICE!

The Minister of Munitions in the United Kingdom has directed that certain materials (such as steel, tin plate, copper wire, etc., etc.), for which there is a demand for war purposes, cannot be supplied, either for home use or for exportation, without the production of a certificate from him. In order to facilitate the granting of such certificate, the Government have, on the nomination of the Board of Trade of Newfoundland, appointed a Committee, consisting of Hon. M. G. Winter, Messrs. W. S. Monroe and George R. Williams, to whom all persons desiring to send forward orders for the materials in question, must, in the first instance, make application. The Committee will take such application into consideration and, if they find that the materials desired are absolutely necessary, will endorse upon the application their approval of the same. The person ordering the goods will then send forward the endorsed application to the intending supplier of the material in the United Kingdom, and the supplier will present these papers and apply for the necessary certificate to the Minister of Munitions, with whom the decision will rest. No order for any such materials will be acted upon unless accompanied by the approval of the local Committee.
