"Nothing, I would rather not talk "Don's you think success can be achieved by one great leap, That you can break a promise small "But your actions are so strange and larger promise keep; Gosman," said his mother. "Tell me. Don't think you can be false to-day to-morrow strong and true. Men tell your reputation by the worst they know of you.

"So don't you hold yourself too cheap, insure your honest name. Beware the pleasure and the sport which drag you into shame:

Don't take the first mis-step, my lad, along life's winding track. once you've tossed men's faith away, 'tis hard to get it back."

PEARS' SOAP has been used by people of refinement for 133 years. If it were not superior, it would not have outlasted a century. PEARS' SOAP is preeminently the favourite Soap of Ladies and Gentlemen. The better class shops sell PEARS' SOAP.

A few years ago, Messrs. A. & F. Pears, the makers of PEARS' SOAP, produced a series of toilet articles which they named the "Golden Series." The articles which comprise the Golden Series are as follows:-

Pears' Shaving Powder	Pears'
Pears' Nail Polishing	Pears
Crayon	England I.
Pears' Dental Paste	Pears

Shaving Sticks Pears' Talcum Powder **Baby** Powder Lip Salve

Pears' Compact Complexion Powder **Pears'** Solid Brilliantine

These new productions of Messrs. Pears possessed such excellent qualities, that many Ladies and Gentlemen desired an entire toilet table equipment bearing the familiar and reliable name of PEARS, so Pears' Tooth Brushes and Shaving Brushes were added. The above mentioned Toilet articles will be on sale in St. John's next week. The names of shops where Pears' Golden Series may be purchased will be published in this paper.

Please bear in mind that PEARS' GOLDEN SERIES represent 133 years' experience. Pears' Golden Series of Toilet articles have merited the approval of Their Majesties King George and Queen Mary and H.R.H. the Prince of Wales.

is rather distant from mining but a careful consideration of the many ap-

plications of electric arc welding will demonstrate that by its use in the maintenance and renair of mining equipment, it will aid greatly in reducing mepair costs, delays from breakdowns, and in this way increase the efficiency of the workings
