recommended of any now in use. Thousands  
have used them without single instance of  
their failing to have the desired effect. Print-  
ed directions accompany each box. Sent by  
mail to any part of the country on receipt of  
one dollar.

**SCHOLARSHIP** issued from this College is good for an unlimited time, and entitles the  
holder to the advantage of instruction and influence in obtaining situations. Each  
College derives special benefit from all others, the combined experience of numerous teach-  
ers, the collection of manuscripts and the publication of text books, beyond the ordinary  
means of any single school. We have the best system of Penmanship known to the public,  
taught by experienced, first-class Penmen, for which we were awarded First Premiums in  
all departments at the late Provincial Fair. Regular class instructions in Arithmetic, Com-  
mercial Law, Penmanship, Book-keeping, English Grammar, Correspondence, Composition,  
&c., &c., with ample black-board explanations, and special lectures to suit individual cases.  
Actual business is here introduced by the use of Banks, and other offices, as in business  
houses. The practical method of giving instruction in this institution is the most important  
feature. Students count their thousands of dollars, buy and sell merchandise, real estate,  
stocks, &c., with as much interest as our first merchants, thus converting the school-room into  
a banking house and an exchange, by introducing the actualities of business, as well as  
the abstract theory of Book-keeping. For further information please call at the Col-  
lege, or send for a College Monthly, enclosing letter stamp.
