

SETTLEMENT OF ST. JOSEPH'S ISLAND.
We are glad to learn that a movement is on foot for the settlement of St. Joseph's Island. This most desirable and praiseworthy object is to be accomplished by a joint stock company with a capital of \$500,000, who propose to place upon the island no less than 300 families selected from the best agricultural districts of Great Britain. The Ontario Government have agreed to give the proposed company a franchise to the island under certain restrictions, for the purpose of colonization, and the company bind themselves to maintain 300 families on this island for not less than eighteen months. Those who have explored St. Joseph's Island say that a large portion of the land is of the very best quality; and as it lies in the direct route between Ontario and the North-west, there is no doubt but it will become exceedingly valuable. We hope the proposed scheme will be speedily brought to a satisfactory consummation.—*Collingwood Bulletin.*

Well, now, here is a religious sect sprung up in London which, if it continues and increases, will certainly make some noise in the world. The real name of it has not been reported to us, but the ugly style is "The Howling Repentants." The main business of the votaries is to howl. At stated periods during the day they elevate their voices, and twice during the night they get out of bed and howl. Divine service they conduct in the open air, probably for fear of bringing down the roof. We mourn to say that the police are hard upon these devotees, and do often conduct them to the station-houses, where, if they go on with the exercises, they are probably gagged.

Tea importers are beginning to appreciate the advantages offered by the Suez Canal route; half a dozen steamers have taken cargoes for New York by this route during the present season. No better proof of the great public importance of this work could be given than the fact that New York importers can bring goods cheaper by it than by the western or overland route.

Some Scotch miners at Wishaw recently did a remarkable thing. They voluntarily refused an offered advance of a shilling a day in their wages, on the ground that the coal masters had raised the price of coal seven shillings per ton. The men were unwilling to lie under the imputation of having occasioned this rise, and so, in a public meeting, requested the masters to "take the last advance of the price of coal, and take back the shilling."

BREAKFAST—EPPE'S COCOA.—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—*Chief Service Gazette.* Made simply with boiling water or milk. Each packet is labelled "James Eppe & Co., Homeopathic Chemists, London." Also, makers of Eppe's Milky Cocoa (Cocoa and Condensed Milk).

Hashish, opium, alcohol, and tobacco are popular poisons which appear to concentrate their action upon the brain, and are powerful causes of nervous disorders in the perversion of the blood. An individual habituated in the use of any of these, is a machine set in destructive motion, which, if not already too much destroyed, may be repaired under the potent influence of Eppe's Compound Syrup of Hypophosphites, since the disturbances disappear as the condition of the blood improves.

Thousands have been changed by the use of Peruvian Syrup (a protoxide of Iron) from weak, sickly, suffering creatures to strong, healthy, and happy men and women, and invalids cannot reasonably hesitate to give it a trial. For Dyspepsia and Debility it is a specific.
