from Stomach Trouble.

PORT BURWELL, ONT., May 8, 1913

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken "Fruita-tives" and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that "Fruit-a-tives have helped me greatly. By following the diet rules and taking "Fruit-a-tives" according to directions, any person with Dyspepsia will get benefit."
