HANSON WINS YORK-SUNBURY

Farmers' Candidate Defeated by Majority of About 1,000.

FREDERICTON, N. B., May 29.—Frederick B. Hanson of Fredericton, leader of the Conservative party, carried York-Sunbury on Saturday for the Meighen Government by a majority approaching 1,000.

Complete returns were not available up to a late hour tonight, as Nortonville, located in the far northeastern corner of the constituency, had not been heard from. There are only 57 eligible voters in Nortonville, and complete returns with that exception showed 7,170 for Mr. Hanson, and 6,207 for Ernest W. Stairs, the United Farmers' candidate.

With Nortonville returns missing, Mr. Hanson has a majority of 963; but it is expected Nortonville will show two to one in favor of Mr. Stairs, as the United Farmers' organization at Millville, the nearest center, has been active. Mr. Hanson will therefore have probably between 925 and 950 majority.

GARFIELD SPENT HIS LAST SUNDAY WITH RELATIVES

Greatly Affected When His Sister and Mother Called.

BUILDING THE SCAFFOLD
Work On the Structure To Be Commenced On Tuesday.

[Special to The Advertiser.]
WOODSTOCK, May 29.—The execution of Norman Garfield will take place in the west yard of the county jail. This was finally decided on today. It was all along taken for granted that the scaffold would be erected inside the jail. In fact, Hangman Ellis, following a consultation with the sheriff, had decided to build the scaffold inside the jail. This was made impossible when it was found that it would require a room with a thirteen-foot ceiling.

The building of the scaffold will commence sometime Tuesday, and will be erected in practically the same spot in the northeast corner of the west yard. Where Reginald Birchall was executed thirty years ago. Carpenters from Toronto will do the work on the scaffold. Outside men were hired to prevent prejudice that might arise against local men.

May Exclude Public.

The decision to have the execution carried out in the open brings up the question that arose when Birchall was executed. On that morning, November 14, 1890, extremely curious people filled the north and west walls of the yard. It is expected that on Thursday morning next local authorities will take action and no one will be allowed to scale the trees or telegraph poles. The measurements for the scaffold call for a structure thirteen feet in height and eight feet square. This will mean that four feet of the uprights will project above the jail and be visible to those on the outside.

Not Allowed Inside.

Callers at the jail yesterday included Rev. Wilfrid Gaetz, spiritual adviser to the condemned man. It was his first visit to the jail since last Wednesday afternoon, when Garfield made his escape while his spiritual adviser was in the jail. The minister rang the bell at the jail and was admitted by the sheriff, who received him courteously and escorted him to the jail office. He was then turned over to Guard Totter and escorted to the door of the condemned man's cell. He was not allowed inside, and Guard Totter was present during the interview, which lasted less than half an hour. The guard had been instructed that in case Mr. Gaetz prolonged his visit over the half hour he was to be requested to leave. However, he finished within the stated time.

EARLY STRAWBERRIES
SHIPPED FROM SIMCOE

[Special to The Advertiser.]
SIMCOE, May 28.—Three crates of home-grown strawberries were shipped to Stratford today by Roy Lefter of Forestville. Forty cents a box was paid for them.

James E. Johnston, another Norfolk strawberry grower, stated today that strawberries would be in full swing next week.

WOULD NATIONALIZE MEDICAL PROFESSION

[Special to The Advertiser.]
ST. THOMAS, May 29.—Dr. J. E. Hett, Kitchener, addressed a fair crowd at the Princess Theatre to-night on "The Nationalization of the Medical Profession." He would have specialists under government control, and their services given to the poor free. The meeting was under the auspices of the Independent Labor party.

WILL RUSH WORK ON BLENHEIM PAVEMENT

New Highway To Be Put Down At Cost of \$80,000.

BLENHEIM, May 28.—Johnson Brothers, Brantford, contractors for the \$80,000 pavement in Blenheim, have been in town making arrangements with the council for beginning the contract. At a special meeting the council decided to adhere to the original specifications of using the steel reinforcement, although there was considerable argument pro and con as to whether after all it was a disputed question, with some engineers as to whether or not it was worth the extra cost. The council decided that in their opinion it would be wise to reinforce. It was understood that it was also decided to start the work at the east end, first beginning at the east end. Traffic will be diverted from the Main street during the progress of the work up town. Already John street has been closed in anticipation of using this parallel street instead of Main street while the work is in progress.

YOUTHFUL THIEVES QUICKLY CAPTURED

Jewelry Stolen From the Verschoye Home Found in Their Possession.

INGERSOLL, May 29.—During the absence of the family the home of Ira Harris, Dereham Township, east of Verschoye, was entered this afternoon and a gold watch, two rings and a flashlight stolen. When the family returned and word sent along the fourth concession over the telephone. Nelson Harris, a cousin of Ira Harris, called at the home of Frank Phillips just as word was received there. He had carried two strangers some distance on the road in his auto, and suspicion was at once directed towards them. They were overtaken a mile or so away and with the assistance of others in the district turned over to the police here. The stolen articles were restored. The pair, who claim to have entered Canada from the United States on Saturday, are being detained by the police and will be formally charged with theft tomorrow. They are young men and their records will be fully investigated by the local police.

THOUSANDS DEMAND UNDIVIDED SILESIA

BERLIN, May 29.—Twenty thousand men, women and children clamored for an undivided German Upper Silesia at a monster open-air, non-partisan demonstration this afternoon in the Lustgarten. Communists marched alongside of Nationalists, and all the political parties were represented by delegations bearing placards inscribed: "Korff belongs in jail"; "Down with Lernd"; "Where is the League of Nations?"; "Shall we be less German than Lloyd George?"

PRINCE HIROHITO IS OFF TO FRANCE

LONDON, May 29.—Prince Hirohito, heir apparent to the Japanese throne, said farewell to Great Britain today after a three-weeks' visit. He was bidden Godspeed at the Victoria Station by King George, the Prince of Wales, the Duke of York and various personages of prominence. This afternoon the crown prince embarked at Portsmouth for Havre, for his visit to France.

CROPS LOOKING FINE IN SOUTH DELAWARE

SOUTH DELAWARE, May 28.—The recent rains have revived the crops, and everything points to a good yield. Strawberries will soon be ripe. There is a large acreage of potatoes and corn going in. Everything that farmers have to sell is going down in price, and after the farmer pays his expenses this summer he will have very little coming to him. Prices will have to come down in the stores to balance up things, is the view farmers are taking.

LIBERALS WIN BY-ELECTION IN YAMASKA; BOUCHER IS VICTOR BY 1,008 MAJORITY

Quebec Voters Are Tired of Meighen Misrule—Big Vote of Women in By-Election—Hatred of Conscription Shown by Habitants.

Pierreville, Yamaska County, Que., May 29.—(By Canadian Press).—With figures subject to revision, the Liberal candidate, Alma Boucher, took the federal seat of Yamaska County, vacant through the death of Oscar Gladu, by a majority of 1,008 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes.

A Record Vote.

The vote polled showed the keenness of the electors, over 90 per cent of the total ballots, numbering 8,300, being cast. Women voting with the same intensity as men. While final figures are not yet available, both sides estimate that over 7,000 votes were polled, and that the Liberal victory was by a margin of 1,000.

Hate Conscription.

Hatred of the conscription law of 1917, and fear that it may again be invoked by the Government, carried the Liberal candidate to victory. The extent of the victory was a surprise, even to the most enthusiastic of his supporters. Another strong point made by Mr. Boucher was the statement that the election of Mr. Mondou would mean the end of the endorsement by Quebec Province of the Meighen Government.

Further arguments used in committee rooms were that war might again break out, and that this would mean dragging sons from their mother's arms to fight overseas in England's battles.

LIBERALS WIN BY-ELECTION IN YAMASKA; BOUCHER IS VICTOR BY 1,008 MAJORITY

Quebec Voters Are Tired of Meighen Misrule—Big Vote of Women in By-Election—Hatred of Conscription Shown by Habitants.

The farmer speakers were yet more open in their statements of "not one cent or one man for England." When the first result from the LaBelle poll came in, showing Mr. Mondou beaten even by the farmer vote in his own stronghold, and with the Liberal leading Mr. Boucher announced that the fight was over. There was much jubilation all over the county Saturday night, but no disturbances.

Down With Meighen.

Following is press comment on the result: Le Canada: "The verdict in Yamaska is decisive. The people do not want Mr. Meighen and his Government, and it is anxiously awaiting the general elections to drive them from power definitely."

Farmers Hard Hit.

Montreal Gazette: "The United Farmers have emerged from the fray with their banner trailing in the dust. . . . Nor has the Liberal party increased its strength or enhanced its reputation from these elections."

The return of Mr. Boucher is Yamaska by a surprisingly large majority can be attributed to but one cause—Sir Wilfrid Laurier's name is still potent to charm and conscription has not been forgotten. The methods adopted in that contest, and the signal success therefrom incite, if they do not invite reprisals, and there is real danger of reviving racial rancor so long as the French Liberals play upon the passions and prejudices of their people to win an election. The Liberals have retained a seat by methods that may cost them dear in other provinces."

BLACK HANDERS ARE BUSY AT HAMILTON

Second Outrage in Week Is Attempted At Hamilton.

HAMILTON, May 29.—For the second time within a week a blackhand outrage has occurred in this city. This morning an attempt was made to blow up the residence of I. G. Lombardo by the use of dynamite. The front veranda was wrecked, a large hole was torn in the wall of the house and the windows were smashed by the force of the explosion. No one was injured.

Last Tuesday an attempt was made to blow up Monaghan's home, and the building was badly damaged. It is said that two explosions followed demands for money.

WILL RUSH WORK ON BLENHEIM PAVEMENT

New Highway To Be Put Down At Cost of \$80,000.

BLENHEIM, May 28.—Johnson Brothers, Brantford, contractors for the \$80,000 pavement in Blenheim, have been in town making arrangements with the council for beginning the contract. At a special meeting the council decided to adhere to the original specifications of using the steel reinforcement, although there was considerable argument pro and con as to whether after all it was a disputed question, with some engineers as to whether or not it was worth the extra cost. The council decided that in their opinion it would be wise to reinforce. It was understood that it was also decided to start the work at the east end, first beginning at the east end. Traffic will be diverted from the Main street during the progress of the work up town. Already John street has been closed in anticipation of using this parallel street instead of Main street while the work is in progress.

Rain fell here last night, giving the ground a very good wetting and putting hope into the farmers, who were somewhat despairing for some of the crops, owing to the scarcity of rain.

J. J. Cookson, contractor, has made good progress in the foundation work for the three new buildings in a block next the Cox property that are being put up by J. W. Fleming & Son, respectively. These, when completed, will be a printing establishment, "News Tribune," a garage and salesroom, and a hardware and implement storage building, respectively.

BONDS ARE STOLEN FROM WINDSOR FIRM

Hydro-Electric Office Is Visited by Gang of Robbers.

WINDSOR, May 29.—Thefts of sums of money have been reported to the Windsor police from both the Swedish Crucible Steel Company and the Windsor Hydro-Electric Railway Company offices. About \$500 in bonds and stocks was taken from the steel company safe, and a small amount of cash from the office of the hydro-electric.

Mrs. Marie Louis Campeau, 60 years old, widow of Alexander J. Campeau, proprietor of the Wyandotte Hotel, died Saturday at a afternoon.

George Campeau, divisional inspector of the Provincial Bank of Canada, Moncton, N. B., is one of two sons, who, with two daughters, survive.

Word was received from Sir Adam Beck on Saturday that extensions to the car lines in the border cities will be made this year. Sir Adam wired that application has been made to the Ontario Government for an order-in-council to proceed with the work, and authorization is expected during the next few days.

CARS WERE DERAILED.

CAYUGA, May 28.—While a train of empty cars was passing over the G. T. R. track near Cayuga, some bars dropped from one car to the track, and sent the cars from the track, where they lay until removed by a wrecking derick. The mails were not delayed and no one was injured.

SUNDAY SERVICE NOT PROFITABLE

Management Will Only Give the Plan One More Try Out.

ST. THOMAS, May 29.—There was a similar loss to the city as that of last Sunday in the church street car service this morning, and it is possible that the management will make one more test before the forenoon Sabbath Day schedule will be eliminated.

The afternoon cars were given a paying patronage, but not so large as on the inauguration day. The park had a fairly good crowd, but there were few young people among the visitors.

Stanley apparently has not lost its popularity for a Sunday afternoon outing, and it is there where the journey was made by the Darbys and Joans and many Darbys without their Julietts.

Parents, too, are complaining that some entertaining features must be found for the children besides the flowers and royal swans if Pinaford Park is to be popular and attractive.

Parents on Sunday afternoon, as well as on any other day.

The Chief Witness.

Daisy Penny, an inmate of the House of Industry, will be the chief witness in the charge preferred against James Snell, a 50-year-old resident, who will be tried tomorrow for the alleged seduction of Miss Penny.

Miss Penny is said to be mentally deficient, and the question is debated by those learned in the law, living by day at the courthouse, whether Miss Penny would be a capable witness or an imbecile is permissible. The majority of the courthouse circle, however, have their doubts about it.

TREE STOPS CAR IN WILD PLUNGE

Fatality Narrowly Averted On Hill Near Duart.

[Special to The Advertiser.]

DUART, May 28.—The hill at the lake was the scene of an auto accident yesterday that narrowly missed fatal results. A Ford car, containing five people, and with Mrs. Peter McFarlane at the steering wheel, in climbing the hill, stopped and backed down the roadway, the brake not working. There are two turns in the road just above the bridge. The car made the first turn safely, but plunged over the embankment before reaching the bridge. Fortunately it lodged in an apple tree half way to the bottom of the ravine and held while the badly-frightened occupants climbed out and to the top. The ravine is fully 30 feet deep, and has a body of water five feet deep at the bottom. Had the car missed the tree there might easily have been several fatalities.

ARE MENNONITES TRYING BLUFF GAME?

Not Going To Mexico, Declares Western Railwayman.

WINNIPEG, May 29.—Reports on the proposed exodus of the Mennonites from Western Canada have been many and varied during the last few days, and never since the first reported move to the south has such a complicated situation manifested itself as exists at the present time. Saturday, according to a local newspaper, a representative on an American railway here wired his office in Chicago that there is no commercial foundation to the reported Mexican movement of the Mennonites, and they are only attempting to bluff the Canadian Government into repealing what they consider onerous school and military laws to permit them to remain in Canada. This representative is here endeavoring to secure a share of the tonnage in the event of the Mennonite exodus south. He also claims in his message that the local Mennonites admit they have only secured options on Mexican land, that there is no possibility of a southern movement before September.

If school and military laws can be changed to suit their mode of living it is declared from many sources the Mennonites do not desire to leave Canada. They have prospered here, as in no other country, and they are not desirous of making a change if scholastic and religious freedom is granted.

At the present time a dozen traveling passenger agents of an equal number of roads are in the city angling for a share of the tonnage of these people when they do go. The only contract that has been put on paper so far as can be ascertained, is the fact that they have purchased 125,000 acres in one block in Wayne County, Mississippi, and have contracted for an additional 300,000 acres in smaller parcels.

There are approximately 165,000 Mennonites in Western Canada. Of this number only 10,000 are of the old colony who desire to send their children to private schools. The others are in favor of sending their children to public schools.

UNIONIST GAINS GROWING STEADILY

BELFAST, May 29.—The final composition of the Ulster Parliament will not be known until Monday owing to the length of time which is being consumed in counting the vote of County Down.

As the count now stands the Unionists elected 38 members, the Republicans 6 and the Nationalists 5, with three seats still to be filled.

Queen's University has returned 4 Unionists.

GOVT. TO PENSION MISS DESALABERRY

OTTAWA, May 29.—(By Canadian Press).—In the House of Commons on Saturday afternoon Hon. R. Lemieux urged the Government to make provisions in its supplementary estimates for payment of a pension to Miss Desalaberry, the only surviving granddaughter of Col. Desalaberry, and that this move was being urged by persons throughout the East for her and the history of her illustrious grandfather.

This was supported by J. A. Robb (Chateauguay-Huntingdon). The prime minister said provision would be made.

Every Merchant His Own Editor

A merchant talking with the writer said: "I consider my Daily Newspaper Advertising to be the most important thing I do each day. It is the only thing I do that the entire community are simultaneously informed about."

"I look upon my advertising space in a somewhat similar fashion. I imagine, to the way the editor looks upon the whole paper. He has so much space and so much copy to use. His job is to make his paper as interesting as he can, to as many people as possible."

"I haven't as much space as he has; therefore it is doubly important to me to make my space more interesting than his space—IF I CAN."

"Hundreds of people come into my store whom I can never hope to meet personally. So I figure that the next best I can do is to give them a definite impression of my personality through my daily newspaper advertising."

The basis of successful advertising for any local merchant is disclosed in that conversation.

Reason it out.

Issued by the Canadian Daily Newspapers Association.
Head Office—Toronto.
