## THE SPORTSMAN'S COLUMN.

**BASE BALL.**  
TORONTO IN THE EASTERN LEAGUE.  
Buffalo N. Y., October 31.—President James Franklin, of the Buffalo Base Ball Club, has taken definite action in regard to the new league, Buffalo will not be included in the ranks. It is rumored that Jack Chapman will quit Buffalo for Toronto, the offers from the Canadian city being very inducive. Peter Bowers and Manager Chasman will go there tomorrow to look the ground over. Rochester also wants to place a team in the Eastern League.

**CRICKET.**  
INTERESTING INFORMATION ABOUT CANADIAN PLAYERS FROM THE CRICKETER.  
The American Cricketer for October is just out and contains a lot of interesting news, including a review of the international matches for the past year. In that time 35 Canadian players only have played in two or more matches, and Rev. F. W. Terry heads the batting list with an average of 24.2 in seven innings. Messrs. C. G. Martin, G. H. Saunders, P. C. Goldingham, F. Harley, W. W. Vickers and A. Gillespie follow in the order named. A. F. B. Martin comes 11th, H. B. McGivern 15th and R. B. Ferrie 25th. Among the bowlers only five, Canadian and American, made 25 wickets or more. Three of the five were on the United States side and two were Canadians—the old reliable pair, ex. Gillespie and R. B. Ferrie. Of the five, Law has the best average of 5.68, taking 25 wickets for 148. R. B. Ferrie is second, 7.27, with 29 very inducive. Pater Nutt, third, 7.48, with 25 for 157; W. C. Lowry fourth, 7.68, with 25 for 209, and Alex. Gillespie has done more bowing than any other bowler, having taken 44 wickets for 376 runs, an average of 8.54. Mr. Gillespie has bowled 253.3 overs—almost 100 more than the second in line, Ferrie and Gillespie did their effective bowling in 1884 and 1885, Canada winning the match in both years.

**THE WHEEL.**  
ANOTHER RECORD LOWERED.  
Decatur, Ill., October 31.—Dr. Brown, of the Cleveland racing team, paced by two tandems, went a third of a mile, flying start, in 31.26 seconds, lowering the world's record, yesterday.

**THE 100-MILE RECORD.**  
Buffalo, N. Y., Oct. 31.—Al. Wehr, of the Buffalo Ramblers, started from Erie yesterday morning in an attempt to beat the 100-mile record, and made a record of 37.25, which is fully 10 minutes better than Linneman's record for the distance.

**THE TURP.**  
WISDOM SHOWS GOOD SPEED.  
Kirkwood, Del., October 31.—A half brother to the champion 4-year-old filly Fantasy, 2.66, took a record of 2.27 on the Kirkwood trotting track Saturday. He is owned by Marmontine Kinz, out of Honora, and was bred by C. J. Hamlin, of Buffalo, N. Y.; he is jointly owned by C. G. Martin, of Decatur, Ill., and C. J. Fitzgerald, of New York. The horse is a show horse as well as a trotter, and he will now be put in condition for exhibition at the National Horse Show at Madison Square Garden, New York.

## WILL BE READY ON TIME.

The Voters' List of 1895 to be Used in the January City Elections.

The city voters' list of 1894 will never be used in a municipal election. This is the first time since London became a corporation that a voters' list duly prepared from the assessment rolls has not been used in a municipal contest, and, peculiarly enough, that same list will twice be used as a basis for a Legislative election.

City Clerk Kingston completed the clerical work on the voters' list for 1895 yesterday by working over-time almost every night for the last six weeks or more, and the list is now in the hands of the printers, and proofs will be issued in a few days. The necessary advertising and printing can be done by the middle of December, so that the new list will be used in the January elections. The 1893 list was used last January, so that the 1894 list will not be used at all. This is brought about by the change in the assessment system, by which the assessors do their outside work in the fall instead of in the spring, and the preparation of the list at such an early date removes the strongest argument that was urged against the new assessment system.

"One thing I have noticed particularly in preparing this list," said Mr. Kingston yesterday, "is the very few vacant houses there are in the city, and in the face of the fact that an unusually large number of new houses have gone up shows that London is steadily growing."

## DEANERY OF MIDDLESEX.

Meeting of the Rural-Deacon Chapter and Sunday School Association.

The annual meeting of the clergy, wardens and Synod delegates of the Deanery of Middlesex was held in Bishop Cronyn Hall on Tuesday afternoon. The Rural Dean, Rev. Canon Smith, presided, and Rev. A. H. Rhode, in the absence of Rev. G. B. Sage, acted as Secretary. Among those present were Dean Innes, Archdeacon Marsh, Canon Richardson, Archdeacon Davis, Revs. G. B. Sage, E. W. Hughes, S. G. Edelstein, G. W. Racey, A. H. Rhode, J. Berry, W. L. Armitage, J. H. Moorhouse, W. P. Hill, H. H. Shaw, A. G. Smith, F. G. Newton, A. Corbett, W. Johnson, W. Lowe, G. F. Sherwood, Messrs. V. Cronyn, T. H. Luscombe, C. H. Armitage, R. S. Hannah, W. Brock, F. Gale, W. Errington, L. Jones, E. B. Smith and others. His Lordship the Bishop of Huron was also present during part of the session.

After opening exercises the Rural Dean stated the object of the meeting and explained the working of the new Canon on Missions. The first business was the election of a Missions Committee for the Deanery, who should act as assessors and assist the clergy in raising the necessary funds for Diocesan purposes. The election resulted as follows:—The Rural Dean, ex officio; Revs. Canon Richardson, and W. Johnson, Messrs. G. M. Harrison and Wm. Brock.

Rev. G. B. Sage read an admirable paper on how to increase interest in Diocesan Missions, showing the necessity for confidence and enthusiasm.

A warm discussion followed, taken part in by Archdeacon Marsh, Revs. A. G. Smith, W. T. Hill, Mr. V. Cronyn and others.

Rev. W. Lowe read an excellent paper on how to retain our older scholars. The discussion was laid over until the evening session.

During recess, from 6 to 7.30, refreshments were served by the ladies of St. Paul's, the tables being abundantly supplied with good things for the inner man.

The evening session was more especially devoted to Sunday school work. The president, Rev. Canon Smith, presided and had associated with him the vice-president, Mr. C. H. Armitage, and the secretaries, Revs. G. B. Sage and Mr. Jas. Nicholson. Miss McMillan presided at the organ, and the evening exercises were conducted by Rev. Dr. Innes as rector, who also gave an address of welcome, after which the programme was taken up.

Mr. Jas. Nicholson read a paper on Children's Services, and gave an interesting account of such services as carried on in England.

Rev. Canon Richardson followed in the same strain, and after several had spoken, moved that the Association recommend the adoption of children's services wherever practicable. Carried.

A recitation was then given by Miss Daisy Lewis in a true elocutionary style, which attracted much attention.

Rev. G. F. Sherwood followed with an address on some encouragement to Sunday School teachers. The address was an excellent one, and was well received.

Rev. W. L. Armitage took up the discussion of Rev. W. Lowe's paper, and made some excellent points. Rev. E. W. Hughes and others took part in the discussion.

Miss Lilywhite then gave a solo in her own good voice and style, which elicited warm applause.

Mrs. Gahan took the subject of "Child Nature," and in an able paper, showed her careful consideration of the subject. The paper was greatly admired.

Votes of thanks were tendered to the ladies of St. Paul's and those taking part in the programme, and the meeting adjourned at 10 p. m. Notwithstanding the heavy rain fall, there was a good attendance at the meetings.

## LOCAL NOTICES.

London is to have a new industry which promises great things alike for its promoters and the housekeepers of this city and the west. The firm's name is the Sunrise Yeast Company, and is composed of reliable business men. As the name indicates, they propose manufacturing yeast cakes, which will be found of rare purity and thoroughly adapted to all the uses for which it may be required. To this end they have equipped their new factory at No. 237 King street with the most approved machinery. We predict a large and successful business for the new company. Our readers are aware that nearly all the yeast cakes sold in Canada are made by an American firm, and it speaks volumes for the enterprise of the promoters of the new concern that they have launched out with the intention of giving Canadians a home-made product. Samples of the goods manufactured by them will be distributed free. Those who like the real home-made—the kind mother used to make—may now have their desire gratified.
