POLITICAL CAMPAIGN NOW IN FULL SWING

GRAND FALLS DEVELOPMENT

Great Development Throughout
North Shore When Develop-
ment Complete.

In the forthcoming provincial elec-
tions the matter of the development
of Grand Falls is of paramount im-
portance to Campbellton and the north
shore.

In deciding whether you should
support the liberal candidates or the
conservative candidates, ratepayers
should study the stand taken by the
two parties and we feel sure that they
will decide that it will be a step to-
wards progress and development to
allow Premier Veniot an opportunity
to complete this great work.

The following paragraphs are taken
from a recent issue of the St John
Globe, which is reputed to be one of
the most reliable daily papers in
eastern Canada. Read these para-
graphs carefully.

That Saint John manufacturing con-
cerns want from six to eight thousand
horse power of electric energy which
the Masquash is unable to supply and
that 3,000 horse power is wanted by
another concern near St. John are
statements made by Premier Veniot
in the course of his address at the
York County nominations on Satur-
day.

The interest and importance of
these remarks cannot be overstated in
considering the Grand Falls project.
They are an assurance that this city
stands to benefit directly from the
larger development that the province
has in hand. They are an assurance
of a local market for practically one-
fifth of the energy to be developed,
and that means from that development
will come direct Saint John advantage.
To the extent of between 8,000 and
10,000 horse power they answer the
opposition argument that it will be
difficult to find a power market.

That argument is answered in full
by the further statement of the Prem-
ier that 20,000 horse power is being
equipped for the northern transmission
line alone. That is the line running
to the North Shore of the province.
An additional 16,000 horse power is
(Continued on page 9.)

Restigouche County Well Organized By Liberals.

Public Meetings Will be Held at Dalhousie,
Charlo, Jacquet River, Atholville
and Other Places.

H. J. CURRIE

The provincial election fight is on
and both parties are holding meetings
throughout the county.

While the date for the election is
not yet announced, the leaders of both
parties feel that it is wise to proceed
with organization work.

So far as the Liberals are concerned
the whole county is well organized.
In every parish committees are hard
at work and reports are most satis-
factory.

In Campbellton the local committee
has been organized and the office re-
cently vacated by P. M. Shannon in
the McLean block has been taken as
the Liberal Headquarters. All Lib-
eral workers for the Veniot govern-
ment are invited to visit these
rooms and help with the work.

An extensive program of public
meetings, which will be addressed by

the candidates and others is being
mapped out, and dates will be an-
nounced later. The first meetings
will be held Friday evening. Meet-
ings will be held shortly at Charlo,
Jacquet River, Dalhousie and Athol-
ville, with other meetings to be an-
nounced as plans progress.

Throughout the county there is a
buoyant feeling which is sure to carry
the party to success. Liberals who
at the last election were half-hearted
are today working as never before.
At the organization meetings at which
Messrs Currie and Legere have ap-
peared they have been enthusiastically
received. Both candidates have done
much personal work, and are being
assured of support from most unex-
pected quarters.

Read these two articles from a
newspaper published in Westmoreland
county:

"The Liberal Government came into
power at a time when the Province
had become a byword because of the
graft and corruption of the Conserva-
tive Administration. Under the Veniot
Government the Province has regained
its good name and been free from
scandal. This is the good work
which has begun. Would it not be
wise to let this government finish its
job?"

The Hydro Policy of the Liberal
Government appeals to every eye for
it brings power, which was lying dor-
mant, to the door of every citizen.
It is planned to have one circle of
power which will embrace the North-
ern part of the Province. Another
circle the Southern and Eastern and
yet another the Western part. So
that the most remote parts of the
Province will share in the benefits.
Private interests have fought the
Government in every move. It has
made in this matter and is fighting it
today. Would it not be the course
of wisdom to let the Government
which has begun a good work, finish
its job?"

Up until the passing of the Health
Act by the present Government, the
province was practically without a
system to deal with this all important
matter. Today under its Minister of
Health the Province is everywhere
held up as a model in this respect.
The work has been well begun. Let
the Government finish the job.

The members of the Executive Gov-
ernment are men who in their busi-
ness and professions have been most
successful and are giving their ser-
vices at a sacrifice. As earnest men
they are conducting the affairs of the
province in a business-like way. Why
not let them finish the job?"—Sack-
ville Tribune.

"New Brunswick has everything to
gain by endorsing the progressive pol-
icies of the Veniot government. Its
roads are in first class condition in
1917 when the old government was
thrown out, they were in a deplorable
condition. Moreover, the county
stands to benefit tremendously from
part of a Sheriff's duties and should
the water power development which
Hon. Mr. Veniot and his colleagues

JOHN B. LEGERE

are carrying on. It is unthinkable
that the people of Westmoreland
could be persuaded to reject the ben-
efits which will come speedily if the
work at Grand Falls is rushed to
completion as the Veniot government
has planned.

The Premier has spoken of these
things and incidentally recalled the
black days of the old Government
when graft and corruption flourished
in a degree never before dreamed of
in New Brunswick. He asks the
people to remember these scandals
and not forget that it is one of these
leaders who is in charge of the op-
position party. That is something that
must be kept uppermost in the minds
of all during the coming weeks. Do
we want to return to the old condi-
tions, to that kind of Government?
Do we want to go backward instead
of forward? Do we approve of the
exploitation of our resources, and
in which we have every reason to
place our confidence.

The present government is the best
New Brunswick has ever had. We
should strengthen its hands."—Sack-
ville Tribune.

MUST PAY OWN BILL.
A bill from Sheriff J. B. HANCOCK
for expenses of his visit to Montreal
to engage the services of Arthur Ellis
hangman, in the execution of William
was turned down by the council on
unanimous vote. Councillor Gros-
sman and Councillor Lester second-
ing the motion. The bill was for \$82.
30. The expenses of the second visit
of the Veniot government. Its
which was necessitated by a fake mes-
sage to the effect that Ellis could not
be in the city. The council declined to
pay the bill on the ground that hangman's duties
are not part of a Sheriff's duties and should
be attended to by the sheriff without
expense to the municipality.

MR. MICHAUD SPEAKS ON HYDRO POWER

Matter of Development of Grand
Falls Up in House of
Commons

Mr. Plac Michaud is reported by
Hazard as follows:

Mr. PLAC MICHAUD (Hazard) has
