PATRIOTIC FUND IS STEADILY CLIMBING

Much Yet Remains to be Done to
Bring Total up to a More Re-
spectable Figure

The collections for the Patriotic
Fund are still coming in, but much yet
remains to be done to bring up the
total to what it should be from the
town. We must strive to make the
amount more than \$5000, and with a
little sacrifice this can easily be done.
The lady collectors are now at work,
and are receiving good support from
any they have approached.
It is quite possible that many of
our towns people are anxious to con-
tribute to this worthy object, and may
be overlooked in the collection list.
If they are, they might forward their
contribution to the Graphic office, and
their donation will be acknowledged in
these columns and handed to the prop-
er authorities. In addition, the list

SECOND CONTINGENT NOW RECRUITING

Local Men Have Received Com-
missions in the Second Batch
of Volunteers

The instructions from the British
War Office as to the composition of the
second contingent were received by the
Dominion Government at Ottawa on
Monday.
An emergency meeting of the mil-
itia council, presided over by Hon. J.
D. Hazen, and attended by General
M. Watkin, Chief of the Staff, Col.
Septimus Denison, acting Adjutant Gen-
eral, and other staff officers, was at once
called. Later Hon. Mr. Hazen drove
to Rideau Hall, where he had a long
consultation with the Duke of Con-
naught.

It is believed that the instructions
were given largely on the supposition
that the second contingent will com-
prise a full army division, which con-
sists of 22,000 men. The 16,000 men
now being enlisted will form part of
this contingent.

Immediately the memorandum is
passed on by the privy council, orders
for recruiting of cavalry and artillery
will be issued. Reports at headquar-
ters are that recruiting has been going
on very smoothly all over the coun-
try and that there has been no trou-
ble enlisting the second contingent.

Col. Maltby has been appointed Re-
cruiting officer for the counties of
Gloucester and Northumberland, and
Capt. A. E. G. McKenzie for Camp-
bellton and vicinity. Capt. McKen-
zie, Lieut. Lockhart and Lieut. Mowat
have been accepted for this second
expeditionary force, and Lieut. H. W.
Ferguson's application is also before
the proper authorities. Lieut. Fergu-
son's name was sent in later than the
others, which accounts for the delay in
not receiving the acceptance at the
same time as the others.

Recruiting will commence here at
once and as the new men come in, will
be drafted to St. John in batches of ten
or twelve. A recruiting office will be
opened at the town buildings from 10
to 12, from 2 to 4 p.m., and at 8 p.m.
for the purposes of recruiting vol-
unteers.
Col. Maltby will be in Bathurst on
Saturday for the purposes of recruit-
ing volunteers from that section. Al-
ready a large number had expressed
a desire to enlist, but so far only two
had signed the rolls. It is understood
that a number of the men who were on
service at Newcastle will volunteer,
and a number from this district, which
will make up as many as the first
contingent from here.

GERMAN CRUISERS SINK BRITISH

Serious Action in Pacific Where
Five German Ships Defeats
Three British

Valparaiso, Chile, Nov. 4.—The
naval engagement between the Ger-
man fleet under Admiral Von Spee,
consisting of the armored cruisers
Scharnhorst and Gneissau and the
light cruisers Nürnberg, Leipzig and
Bremen, and the British squadron
made up of the cruisers Monmouth,
Good Hope and Glasgow, and the
transport Otranto, commanded by
Rear Admiral Cradock, continues the
sensational of the hour here.

That the Germans were able to sink
or scatter the British squadron with
only minor damage to their own ships
and a casualty list of only two wound-
ed, is a subject of wonder.
The Monmouth is known to have
been lost with practically all of her
crew, as a result of the first big naval
fight of the war; the Good Hope was
severely damaged and on fire when
she escaped, under cover of darkness,
and it is believed here that she went
to the bottom, while the Glasgow and
the Otranto took refuge in a Chilean
port.

At the time of the battle, a hurri-
cane was raging, and no boats could
be lowered to pick up survivors.
"The British fought gamely," said
the German officers, "but their ships
were outclassed. The Monmouth, Good
Hope and Glasgow were all set on fire
by our shells."

Details of the fight, picked up from
informal conversations with German
officers who came ashore from the
warships, show that the Germans, ow-
ing to the superior range of the guns
on the armored cruisers Scharnhorst
and Gneissau, opened fire when six
miles away. As the ships closed and
the range was down to a distance of
four miles, the British ships were
able to reply, but by that time they
were already seriously damaged. The
Germans declare that the British
fought heroically, but that their ar-
tillery was ineffective against the su-
perior weight of metal that the Ger-
mans were able to pour from the
more modern guns of the armored
cruisers.

GOOD HOPE NOT LOST

SAYS U. S. CONSUL
Washington, Nov. 4.—American
Minister Fletcher at Santiago, Chile,
today reported the naval engagement
off Coronel, Chile, and the arrival of
three German warships at Valparaiso.
The damaged Good Hope is reported
as having escaped with the Glasgow
and Otranto.

(Special to the Graphic)
London, Nov. 5.—A strong British
fleet is still in the south Pacific. The
admiralty tells of German victory
there. The German cruiser, York
struck a mine and sank. She was of
3550 tons burden and carried 638 men.
The German withdrawal from the
Coast becomes more marked, but at-
tacks on British in Tyne are becom-
ing fiercer, and at one point in France
the allies are hard pressed. The Rus-
sians make sweeping victories. Tur-
key already taking defeat at hands of
Russia.

trapped into their war move by Ger-
mans. Commanders of Goeben and

then ordered defensive measures, and
