HEALTH IS WEALTH

And the truth is, of more value than wealth. At least some men, to get business, do not think they have more to get Jackson's Patent than any other company. We have more Lake Simcoe ice than any other company in the world. We have tons of thousands of tons more domestic ice than any other company. Pure City water from the City of Toronto, on the C.P.R., and according to the analysis made of the water by the Health Department, is the purest in the world. This also means that the water is the healthiest. Let the public this year also be the judge.

Will They Move the Church?

An informal meeting of the Parks and Gardens Committee was held in the Mayor's office yesterday afternoon to consider a proposition made by the Industrial Exhibition Board. Briefly it is as follows: Twenty acres lying on either side of Danforth-street was originally granted to the city for exhibition purposes. A large part of that is at present under lease. The Exhibition Board greatly need \$150,000 to make the necessary changes in the grounds owing to the annexation of the Garrison Commons. They ask the city to issue debentures for \$150,000 on the leased property already mentioned, promising, if when that property is sold it does not realize the amount of \$150,000, that the city will be liable for the balance. The proposal was considered a very fair one and will probably be submitted to the people in the near future.

Will They Move the Church?

A joint meeting of the Session and Board of Managers of St. Andrew's (King-street) Church was held yesterday afternoon to consider the advisability of removing the church to a more central and convenient situation. A special committee presented a report on the subject. The matter is still under consideration, and the purpose of the committee's communication has not been made public. The committee has been enlarged, and will bring an additional report having further particulars.
