constitution calls for in connection with the Manitoba school muddle. If they find that the judgment of the Privy Council is such as to declare the Catholic minority of Manitoba to be possessed of rights to remedial legislation they will being a city in the temperate.

The legislation in Manitoba complain- extreme cold may be gathered from the The Case Investigated by The Texas Chrised of was passed by a Liberal Govern- fact that advertising canvassers and inment, and the amendment to the Manisurance agents gave up all idea of sotoba Act declaring that remedial legis- liciting business in the early part of the

mount of precaution in the way of clearing the track by sweepers could have kept the track clear and enabled the cars to run. The sweepers had no sooner gone over the track than the surrying wind shifted the snow from the rim of her hat. "Off with his head, so much for Buckingham," rants Richard III. "Off with her hat," orders this American tyrant. The beautiful way in which he proposes to enforce the lady now possess are adequate to in which he proposes to enforce the lady of the composes to enforce the lady of the composes to enforce the lady of the composes and covered the tracks up again.

In which he proposes to enforce the lady of the composes are adequate to fain that no appliances that the street and the system open under these pecusians. The beautiful way in which he proposes to enforce the lady of the composes are adequate to keep the system open under these pecusians. The beautiful way in the cars to run. The sweepers had no stone gone over the track than the cars to run. The sweepers had no stone gone over the track than the scurrying wind shifted the snow from every quarter of the compass and covered the tracks up again.

We have had a storm similar to this already this winter, and it is quite certain that no appliances that the street of time until his heart racilway now possess are adequate to keep the system open under these pecusians. The fair of fonder the cars to run. The sweepers could have kept the track clear and enabled the cars to run. The sweepers had no stone gone over the track than the stack of sciatic rheumatism, of which I tried to cure him; used everything known to my profession in vain, and finally recommended him to go to Hot Springs. The came back from the Springs with the cars to run. The sweepers had no stanting the track clear and enabled the cars to run. The sweepers had no stanting to the saved my life.

The reporter next visited Dr. C. H. Stansbury, a graduate of one of the medical schools of Kentucky, and a man wre link and in the cars to run. The saved my life.

The rep

ment, and the amendment to the Manitoba Act declaring that remedial legislation should be granted under certain circumstances was also introduced by Mr. Elake, a member of a Liberal Government, so that the Conservative party at Ottawa are in the position of having to deal with a crisis created by their opponents, and not by themselves.

It does not follow, that if the Ottawa Government have to propose remedial legislation, that such legislation will be of the character of a law enforcing certain conduct upon the Legislature of Manitoba. We do not believe that the Parliament at Ottawa would so far interfere with a province as to enact compalsory legislation as to Manitoba; but it certainly might feel justified in going the length of a grant, either of money or of land, toward the maintenance of a voluntary separate school system, maintained and managed by the Catholics themselves of Manitoba. Such a grant, while it would not interfere with Manitoba, nor allow Catholics to escape the general school tax, would assist them in maintaining voluntary separate school system, maintaining voluntary separate schools, and ease in that way any conscientious scruples which they, might to the content of the schools, and ease in that way any conscientious scruples which they, might the content of the schools, and ease in that way any conscientious scruples which they, might the content of the c

Toronto, Feb. 9, 1895. We bought on the 6th and 7th inst., from Suckling & Co., about 10,000 YARDS OF TWEEDS, WORSTEDS AND SERGES, part of the stock of ROBERT DARLING, saved from the Big Fire.

These goods will be open for inspection THIS MORNING and it will be worth the time of every man in Toronto to see them. They were bought right and will be disposed of away down. No defect is apparent in the majority of the lengths, and when manufactured to your order every garment will withstand minutest criticism.
