I matter of fact may be applied to the hair over night, the first night turning the lightest red or gray hair to a tark browe, and by repeating a second or third night, to a bright jet black. Any person may, therefore, with the least possible trouble, keep his St. Dayle, thair any dark shade or a perfect black,—with a possitive assumed that the powder, it applied to the sain, bedli not colon it. There is no trouble in reamoring it from the hair, as in all powders before made. By an eccasional application, a person turning crey will never be known to have a grey hair.
