The Canada Company have still a large number of lots to dispose of at reasonable prices (from \$4 to \$30 per acre, according to quality and location).

In Western Ontario—In the Counties of Essex, Lambton and Perth, also in the Township of Tilbury East, in the County of Kent; and in the Township of Aldboro, in the County of Elgin.

In Northern Ontario—In the County of Simcoe; also in the Township of Euphrasia, County of Grey; and in the Township of Amaranth, in the County of Dufferin.

In Central Ontario—In the Counties of Peterborough and Hastings, and in the Township of Sheffield, in the County of Addington.

In Eastern Ontario—In the Counties of Lanark, Carleton, Prescott, and Russell, besides many lots scattered through the older sections of the province.

These lots are, generally speaking, within a short distance of a railway, and are easily accessible by good travelled roads from a market town. Many of the farms have from fifteen to twenty-five acres of clearing fenced ready for cultivation.

The Climate of Western Ontario—The winter being comparatively mild and short, and the summers correspondingly long, is specially adapted to the successful cultivation of corn, grapes, peaches and all kinds of fruit, for which this section is rapidly becoming noted.

To actual settlers the most liberal terms of payment are offered, only a small payment being required down, the balance payable in seven or ten years, with interest chargeable as a rental at the rate of 4 per cent. per annum.

Full particulars, with complete lists of vacant lands, and prices of any lots selected by applicants, will be furnished on application to the
