

laneous class Snow-flake, the White English Terrier, had no thoroughbred opponents and won.

## LONDON KENNEL CLUB.

### SECOND ANNUAL SHOW.

#### *Special Report.*

CONTINUED FROM SPECIAL EDITION.

Duke has a good head and well carried ears, he is decidedly evenly built. Belvoir Bacchanal placed 3rd has a better coat than any of the others, but is scarcely up to show form. He should be a good one to breed from, as he has plenty of bone and looks a thorough workman. Virgil 1st in bitch class shows good terrier character, but is rather soft in coat. The puppies were better than usual with Oxford Duke 1st in dogs. Oxford Veda, 1st bitch. Wire-haired terriers had three entries: Billet 1st in dogs has been often shown before, he was not looking his best. Patch 2nd, is only a puppy but he has the makings of a good dog in him, his head might be a little flatter in skull, his coat is rather out of order, which his very late importation accounts for; he got 1st in puppy class in Liverpool this year and ought to be an acquisition to the Wire-hairs of Canada. Capsiann was alone in bitch class.

No Bull-dogs.

#### BULL TERRIERS.

Three large white dogs faced the judge and looked game enough. The awards were correct.

#### BLACK AND TAN TERRIERS.

This was the best class of black and tan terriers ever exhibited in Canada, and there was very little difference between the three winners, but the judge managed to decide between them and his decisions were well received.

Dandy Dinmonts absent.

#### BEDLINGTONS.

Five entries, one absent, Zulu II,

a fair all round bitch, won, with Gimlet a good 2nd.

#### IRISH TERRIERS.

Had two entries—the bitch the better of the two, although her coat is a bit soft, and she could do with more bone.

#### DACHSHUNDS.

A very even lot of tawneys in this class, with little distinction between them, as they were all one litter.

#### YORKSHIRE TERRIERS.

Two absent, with Dolly placed 1st, she is a very good one, and shows great care in her coat, which is very long and beautiful.

#### PUGS.

In the Pug class there was nothing of great merit, but a decided improvement on the whole at their former shows, the judge's decisions were well received.

#### TOY TERRIERS.

Only one nice little black Terrier was shown, and she was given 2nd.

#### TOY SPANIELS.

Were a poor lot, and the prizes withheld.

#### MISCELLANEOUS.

A smooth-coated Collie 1st, a Harrier 2nd and 3rd, the rest were not any particular breed.

#### EXHIBITORS.
