The Board desires to call the attention of the Society to the fact that of this sum of \$45,287.25, \$5,318.55 is already in Dr. Reid's hands, as will be seen on page 141 *LETTER LEAFLET* for Oct., 1892.

The remaining sum is large, but it must be borne in mind that the Society is still growing, and a continuance of the faithful work done in the past by the different officers and members of the Presbyterial Societies, Auxiliaries and Mission Bands will doubtless, by God's blessing, enable the W. F. M. S. to do all that He lays upon it. "Be thou faithful unto death and I will give thee the crown of life."

The Board also wishes the Society to observe that no mention has been made in the above estimate of Trinidad or the New Hebrides, the reason being that these missions are under the care of the Eastern Division of the F. M. C. For several years
