Rheumatism and Neuralgia

These twin diseases cause untold suffering. Doctors admit that they are difficult to curo-

so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost mable to get around, and was very often contined to my bed for weeks at a time. I used only one bottle of Pathe's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively a 2 boy." Frank Canolf.

Eureka, Novada.

After suffering with chronic rheumatism for several years, I was induced to try Paino's Celery Compound, and after using two bottles found mysulf greatly improved. In fact, after using throbottles, have not feit any rheumatism. Can conscientiously recommend it. Yours very truly,

MRS. P. COWAN; COWARVILLE, P.Q.

The missescope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the linin membrane of the upper six passates and outachian tubes. The entirent scientists—Tyndail, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating those diseases is to apply an irritant remedy weakly and even daily, thus keeping the delicatemembrane in a constant state of irrigation, acompanied by violent succeing, allowing to be chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute face thist these diseases cannot be cured by an application made oftener than once in two weeks, for the mem brane must get a chance to heal before any application is repeated. It is now seven years aince Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedylas become a household word in every country where the English language is spoken. Cures effected by him even years ago are cures still, there having been no return of the disease. So high are tueses there's evalued, and so great is the demand for them, that ignorant imitators have it parasite—of which they know nothing—by remedies the results of the application of which they are equally incomant. Mr. Dixon's remedy is applied only once in two weeks, and from none to three applications effect a permanent were in the mest aggravated cases. N.B.—For natarrhal troubles secular to females this remedy is a specific. Mr. Dixon sends a pamphlet lescribing his new treatment on the receipt of en cents in stamps. The address is A. H. Dixon & Son, 301 King Street West, Toronto, Canada.—Scentufic American.
