GENTLEMEN,—For a number of years I suffered from deafness, and last winter I could scarcely hear at all. I applied Hagyard's Yellow Oil and I can hear as well as any one now

There is no better, safer or more pleasant cough remedy made than Hagyard's Pectoral Balsam. It cures hoarseness, sore throat, coughs, colds, bronchitis, and all throat and lung troubles.

A curious phenomenon has been discovered recently showing that workers in a strong electric light are subject to a stroke similar to sunstroke. The effects of the electric light, however, are not so serious as the sunstroke.

THE MOST EXCELLENT REMEDY.

DEAR SIR,—I have suffered greatly from constipation and indigestion, but by the use of B.B.B. I am now restored to health. I cannot praise Burdock Blood Bitters too highly; it is the most excellent remedy I ever used.

THE CHILDREN'S ENEMY.

Scrofula often shows itself in early life and is characterized by swellings, abscesses, hip diseases, etc. Consumption is scrofula of the lungs. In this class of disease Scott's Emulsion is unquestionably the most reliable medicine.

The latest puzzle which has been thrown on the market is the "mystic triangle." In the box containing this puzzle there are a scientifically adjusted magnet, three needles, and the form of a triangle. With these to work upon the experimenter has to guide the three needles on to the lines of the triangle—a feat which is by no means easy.

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I hurt my finger and it gathered and threw out pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."—T. D. M., Norcatur, Kans.

AT HOME AND ABROAD.

Physicians, travellers, pioneers, settlers, invalids, and all classes of people of every degree, testify to the medicinal and tonic virtues of Burdock Blood Bitters, the most popular and effective medicine extant. It cures all diseases of the stomach, liver, bowels and blood.

Australians suffer great losses from the ravages of white ants, which have the reputation of boring through iron and sheet lead. Houses and furniture are ruined in a few months, as the ant burrows into every kind of wood, reducing it to powder.

HOOD'S AND ONLY HOOD'S.

Hood's Sarsaparilla is carefully prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Pipsissewa, Juniper berries and other well known remedies, by a peculiar combination, proportion and process, giving to Hood's Sarsaparilla curative powers not possessed by other medicines. It effects remarkable cures when other preparations fail.

Hood's Pills cure biliousness.

It is not surprising that the Australian Governments anxious to retrench should first attack the Civil Service, for, according to a return recently issued by the New South Wales Government, the number of persons employed by the State at the end of last year was 36,340, and the amount of salary paid to them during the year was £5,010,558.

"A BACK NUMBER."

This is the slighting remark that is often applied to women who try to seem young, though they no longer look so. Sometimes appearances are deceitful. Female weakness, functional troubles, displacements and irregularities will add fifteen years to a woman's looks. These troubles are removed by the use of Dr. Pierce's Favorite Prescription. Try this remedy, all you whose beauty and freshness is fading from such causes, and no longer figure in society as a "back number." It's guaranteed to give satisfaction in every case, or money paid for it returned. See guarantee on bottle wrapper.

When Lord Beaconsfield invested something over \$20,000,000 of British funds in the Suez canal enterprise eighteen years ago, there was a great deal of moaning, but the investment has proved a valuable one. The British treasury has received five per cent. on its money, and the stocks are now worth \$88,750,000, or more than four times their cost.—Milwaukee Journal.
