Skull's Patent Okonite Trusses for Hernia (Rupture)

Are in all respects the most perfect and unique instruments ever offered to the public as mechanical supports and remedial appliances for any form of rupture or internal prolapse. These trusses are of the best possible manufacture, they are self-adjusting, light and comfortable. The external surface being completely covered with a non absorbent material (Okonite) renders them absolutely impervious to moisture, perspiration, and the acid excretions of the skin, cannot rust or get out of order, cause no cutaneous irritation, will hold securely any size protusion without pain or undue pressure, has neither understraps, levers, nor cumbrous fastenings, may be washed when necessary with impunity, and can therefore be worn any length of time in any climate, without becoming offensive, as is the case with those constructed of leather, elastic, and other objectionable materials of a porous character.

The Lancet.—"Skull's Okonite Trusses are the most effective we have ever noticed."

British Medical Journal.—"They are scientifically constructed, and give perfect support in all cases."

Medical Press and Circular.—"Will do doubt come into general use."

Illustrated Medical News.—"We can with every confidence recommend them to all sufferers from Hernia (Rupture) and Prolapsis."

THOUSANDS OF UNSOLICITED TESTIMONIALS FROM ALL PARTS OF THE WORLD.

SPECIALTIES.

STEARNS' WINE OF COD LIVER OIL WITH PEPTONATE OF IRON.

An entirely new and original preparation which contains 25 per cent. of pure Cod Liver Oil, as represented by its active principles and alkaloids. Modern investigation has proven that the value of Cod Liver Oil as a medicinal agent is not due simply to the fact of its being an oil, but to the valuable active principles which it contains. Each fluid ounce of the Wine contains four grains of PEPTONATE OF IRON, a readily assimilated and valuable form of Iron, it being partially predigested and free from styptic properties. In pounds, \$2.00 per dozen.

STEARNS' CASCARA AROMATIC. (THE ORIGINAL)

A fluid extract of prime and selected two-year-old Bark, which is sweet in taste instead of being bitter, as is the ordinary fluid extract, powerful yet gentle in effect, and in addition does not grip. An ideal laxative, prescribed by physicians everywhere. Price, \$1.30 per pound, not more in cost than ordinary bitter fluid extracts.

DIKE'S PEPSIN

Is superior because of its high digestive power (15000 U. S. Ph. 1888). Its color is sweet and wholesome. It is soluble, and can be dispensed in prescriptions in solution. It retains its activity indefinitely. It is free from peptone and other bodies which attract moisture and make a pepsin gum up. On this account it can be combined safely with powders without special precaution.

To recapitulate:—It is a reliable, odorless, sweet, beautiful, non hygroscopic Pepsin in scales, which is reasonable in price, of full strength of the U. S. Ph., is wanted, Dike's will fill the bill, and is the only pure Pepsin that will meet all these requirements.

Price, 75 cents per ounce.

STEARNS' INSTANT HEADACHE CURE

Is the best and most satisfactory preparation of the kind on the market. Sell on sight and makes customers wherever sold. \$1.50 per dozen. Kept in stock by all leading wholesale houses.

We will be pleased to mail samples of our Specialties to any druggist or physician, on request.
