The general dealer, M. Audet, Que.,
N. Pomerleau, referred to in a recent
issue as insolvent, after a brief struggle
to make a profit out of the fag end of
an old stock he had bought, is now
offering 30 cents on liabilities of \$1,500.

Mercantile Summary

The Elder, Dempster & Furness
Steamship Companies propose putting
on two steamers monthly in order to
accommodate the increased trade be-
tween Canada and South Africa. Hither-
to there has been only a monthly ser-
vice.

A fire broke out in the varnish de-
partment of the Palmer Piano Com-
pany's factory, in Toronto, owing, it is
said, to spontaneous combustion in
some cotton waste. The loss is esti-
mated at about \$40,000, with an insur-
ance of \$35,000.

The Bell Telephone Company is
branching out in the Ottawa district.
It has just completed two additional
lines between that city and Montreal,
and will shortly begin to build a direct
line to Quyon, crossing the Ottawa by
means of a submarine cable near Fitz-
roy Harbor. A line is also to be built
up the Gatineau as far as Wakefield.

The city of Moncton, N.B., has
ordered from the Robb Engineering
Company, Amherst, N.S., a 450-h.p.
Corliss engine, for direct connection to
electric generator. And the town of
Glace Bay, C.B., has ordered from the
same company a 375-h.p. Corliss en-
gine and a 150-h.p. Robb-Mumford
boiler for the extension of its electric
lighting plant.

An extension of time has been ar-
ranged for by A. D. McIsaac, an old
time general merchant of Port Hood,
N.S. His troubles are due to over-stock-
ing, and a too free dispensing of credits,
and though he shows nominal assets of
\$34,000, these are discounted in value
nearly by half. At a meeting of his
creditors, held in Halifax last week, he
showed liabilities of \$11,500, and an ex-
tension was granted with instalments
spread over fifteen months.

At Stratford, on the 28th ult., a large
and representative public meeting was
held to consider the resolution from the
railway committee of the city council
and Board of Trade to submit a by-law
to grant a bonus of \$25,000 in lieu of
right-of-way and \$10,000 to cover the
cost of approaches and to subway Mary
and Huron streets to the C.P.R. The
trend of the meeting was to support
the by-law, and by a similar policy to
encourage the establishment of factories
and wholesale firms.

The Canadian Westinghouse Com-
pany, Limited, recently sold to the
Edmonton, Alta., Street Railway Com-
pany a 200-K.W. railway generator and
a number of double equipments of rail-
way motors. It may be remarked that
the city of Edmonton is the most north-
erly point on the American continent to
operate an electric street railway. An-
other recent sale made by the same
company was that of a 500-K.W. en-
closed type turbo-generator unit to the
Canadian Pacific Railway Company.
This unit is to be installed at Fort
William, and to be used for supplying
power to the various grain elevators at
that point.

Travel Comfortably with a TOILET BAG.

We carry the largest stock
in America of TOILET
BAGS, so there is no
trouble making a selection.

Our Catalogue "M," with
full information mailed
free, and express charges
allowed in Ontario on all
goods.
