RUSSIAN WAR BONDS

Your capital increased by 80% at maturity on the return of Russia to a gold basis as before the war. Actual bonds delivered at once.

We buy these bonds from the Russian Government a little under par but pay for them with Russian Exchange bought in New York at a heavy discount caused by cessation of their export trade and the sale of exchange to pay for enormous munition contracts. Hence the chance to increase your capital mentioned above.

Send a card for our circular giving full details.
