

DOMINION BRIDGE CO., LTD.

(SUCCESSORS TO TORONTO BRIDGE CO.)

MANUFACTURERS OF

Iron and

Steel Bridges

ST. LAWRENCE RIVER BRIDGE, CANADIAN PACIFIC RAILWAY, LACHINE, P. Q.

The cost of Metal Bridges for a term of years, is less than the cost of building repairing and replacing wooden bridges, and believing the only reason so many bridges are still built of wood to be that those who are charged with the duty of contracting for them are not aware how little difference there really is in the first cost of a good Iron or Steel Bridge and a well-built wooden one, of equal strength, we are at all times pleased for an opportunity to quote prices to officers of counties, cities and townships, so that they may intelligently compare the cost of metal and wooden bridges. To enable us to name prices closely we need information on the following points: Number of spans and length of each span. Width of roadway and number and width of footways and sidewalks. Kind of Lumber to be used for floor joists and plank and its value. Name of nearest R. R. Station and distance of bridge site from station. Depth of water at ordinary level and height of floor above water. Also strength and capacity of bridge required, if any particular strength has been determined on; or a general statement as to the nature of travel over the bridge; whether on a country road, a well-ballasted turnpike, or located in a village or city, and subject to heavy loads.

WORKS: LACHINE LOCKS, P.Q. OFFICE: 20 St. Alexis Street, MONTREAL, P.Q.

Waterwork's Office

HAMILTON, ONT., January 17th, 1895.

To His Worship, the Mayor, Owen Sound, Ont.:

DEAR SIR,—I have the honor of informing you that the Vitrified Sewage Pipes manufactured in this city by "THE HAMILTON & TORONTO SEWER PIPE CO." are the only ones that have been used by our City Corporation for over 20 years, during which time MANY MILES have been laid. The pipes now manufactured by that Company are not second to any that I know of, a vast improvement having been made since the factory was established, over thirty years since. I have no hesitation in recommending these pipes for the sewerage of your town, feeling that they will give you entire satisfaction, as they do here. I am, dear sir, yours truly,

WM. HASKINS.
