We would advise the Hon. G. W. Ross, when next he finds it necessary to appoint a commission to investigate charges made against our Catholic separate schools, to select men who are capable of presenting a report couched in good English. The Christian Brothers are actually Christian in practice as well as in name, and we are confident that, for the sake of the gentlemen authorized to condemn their methods, they would gladly send one of their members to correct the proof-sheets and to render the precious document more presentable.

IN DEEP DESPAIR.

A MONTREALER RELATES HIS WONDERFUL EXPERIENCE.

He Had Tried Foreign and Local Physicians and Was Operated Upon Without Success—Dr. Williams' Pink Pills Cured When All Other Medicines Failed.

From the Montreal Herald.

Instances of the marvellous cures by the use of Dr. Williams' Pink Pills for Pale People are numerous, but the one related below is of special interest, owing to the peculiarity of the illness, and also to the fact that in the present instances the gentleman is well known in Montreal. Mr. Charles Frank, inspector of the mechanical department of the Bell telephone Co. at 371 Agueduct street, and who resides at 54 Argyle avenue, in an interview with a Herald reporter, related the following wonderful cure by the use of Pink Pills. Mr. Frank, who is 25 years of age, is a Russian by birth, exceedingly intelligent, speaks several languages fluently, and is now apparently in good health: "My illness came about in a peculiar way," said Mr. Frank. "Up to three years ago I was in the best of health. About that time while in Glasgow, Scotland, where I was employed as a clerk in a hotel, and while sculling on the Clyde, a storm came up and I had a pretty rough time of it for a while. I evidently must have injured myself internally, although I felt nothing wrong at the time. On my way home, however, I fell helpless on the street, and had to be conveyed home in a cab, as my legs were utterly unable to hold me up. I was confined to bed for several days in the same helpless condition, when I rallied, but found that my urine was of a strange reddish hue. I called

my urine. But I felt encouraged and got three more boxes, determined to make a thorough trial of Pink Pills. After I had finished the second box I found my urine was getting clearer, so I continued the use of the pills, taking two after each meal. When I had finished the third box my urine was quite clear, for the first time in three years. I was delighted and continued taking the pills until I had finished six boxes. I am strong now and have had no recurrence of the trouble, and as you can see, the flush of health shows itself in my face. To think that I was cured by the use of \$3.00 worth of Dr. Williams' Pink Pills after trying a number of physicians and undergoing an operation in vain is a puzzle to me, and I am sorry that I did not know about this grand medicine before. I would have given \$200 or \$300 to have been guaranteed a cure by any one."

"I am willing," said Mr. Frank, in conclusion, "to see any one who wishes to verify this interview, as I consider it a duty to my fellow-men and a matter of gratitude to the marvellous cure their medicine has effected. I have come to the conclusion that Pink Pills are the best blood builders in existence, and I think every one should try them."

Caught in a Storm on the Clyde.

in a physician, who prescribed, but did me no good. I then called on Sir George McLeod, M. D., who also prescribed and asked me to go to the hospital. I was asked to do this, and then he advised me to try a change of climate, telling me that my bladder was affected. I acted on his suggestion as to change and came to Montreal. I did not do anything for about a year, as I wished to get cured. All this time my urine was tainted with blood, although I was suffering no pain, but this abnormal condition was a source of continual anxiety. I finally went to the General Hospital, where the physician in charge advised me to stay, which I did. After remaining there for five weeks with no benefit, a consultation of physicians was held and an operation was suggested, to which I this time agreed. After the operation was performed I was no better, my condition remained absolutely unchanged. From this out I was continually trying medicines, but derived no benefit from anything or anyone. I was in despair as the physicians who had operated on me could not decide as to my trouble. I visited the hospital once more and they said they would operate again; but I did not care to undergo a second and perhaps equally unsuccessful operation. Some physicians thought my trouble was consumption of the bladder, others that it was Bright's disease, but not one could cure the strange bloody condition of my urine.

"Finally I went to work for the Bell Telephone company, some two years ago, where I worked myself up to my present position. But I was in a state of constant anxiety, as I felt myself getting weaker all the time, and was listless, and sleepy and weak in the legs. I was also pale and ill-looking, no doubt owing to loss of blood. From a naturally cheerful man I became morose, and gave up all hopes of ultimate recovery. One Saturday, some months ago, while walking along Bleury street, having seen the advertisement of Dr. Williams' Pink Pills in the Montreal Herald, I stopped at John T. Lyons' drug store, and bought a box. I had tried so many medicines that I said to myself, 'If they don't cure me I can't be any worse off than before.' After taking the first box I felt stronger and more cheerful, although there was no change in the bloody condition of

BIG PROFITS ON SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation

ORIGINATED BY US. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago, make large amounts of money every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand. It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading. Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.
